Grangers Grow Social Crops that benefit all Oregonians

THE GRANGE labored for many years to have the graduated income tax enacted (in 1930) as an amendment to the State constitution.

Reasons: The Grange believes that taxes should be levied in direct proportion to ability to pay; that the major cost of government should not be borne by real property.

Results: Many millions of dollars have been saved farmers and others through direct relief from property taxes.

Projects of this nature are as vital a part of Grange activities as better agriculture itself. That is why 28,000 progressive farmers belong to the Oregon State Grange — why membership continues to grow — why the Grange is a dominant force for social progress.

Information about the purpose and accomplishments of the Oregon State Grange is contained in a booklet "Let's Look at the Record". Contact your local Grange for copy, or write direct.
