CAMAS WINS GAME SUNDAY

Camas was the winner and Vernonia "took it on the chin" again Sunday when the Columbia river boys came here to play what will probably be Vernonia's last home game. Two games called because of rain earlier in the season were scheduled here but it is thought that they will not be made up. However, it is possible that the playing of these games will be required.

Sunday's encounter was disastrous for the locals who seemed to have a decidedly off day. Over-

throws, failure to hit the Camas hurler and a variety of other unfortunate plays seemed to "gang up" on Vernonia with the result that Camas went home with the larger portion of a 10-2 tally.

Only five hits were marked down by scorekeeper R. A. Williams for the locals as compared with 14 for Camas.

VERNONIA—				
	AB	R	H	E
Gordon, 4	4	0	0	0
Cline, 5	5	0	1	2
Girod, 3	4	0	1	0

Lyle Galloway, 2	4	0	0	1
Derschmidt, 11	4	0	1	0
Mosley, 4	1	0	0	0

Championship Play Started

Match play began Sunday at the Vernonia Country Club to determine the champion golfer of the group. A schedule of matches has been drawn up for play for the next several weeks, but results are not yet available.

Details of scores will start coming in by the coming Sunday, according to Cal Davis, tournament committeeman who will keep records of scores as they are turned in.

Vic Vet says
YOU CAN REVIVE YOUR LAPSED GOVERNMENT INSURANCE IN A JIFFY. — NO PHYSICAL EXAM. IS REQUIRED DURING 1946.

For correct information contact your nearest VETERANS ADMINISTRATION office

Do not burn brush or slash during fire season without a permit from the fire warden or ranger; make sure you don't cause fire by carelessness. Seventy-five per cent of our fires are caused by the careless action of some person or persons. See that you aren't one of these. KEEP OREGON GREEN.

Veterans Get Most Of Farm Machinery

That veterans returning to farms are getting most of Oregon's share of the dwindling supply of new farm machinery is evidenced by reports from county AAA committee on veterans' preference certificates issued during the preceding month.

The state PMA office reports that county committees during the period March 21 to April 20 received 653 applications from veterans, issued 540 certificates and granted 549 extensions on certificates previously issued which had not been filled before the expiration dates. A total of 129 certificates were satisfied by dealers during the period.

Certificates were issued for 44 different items of farm machinery and equipment. Tractors headed the list with 225 applications, 184 certificates, 180 extensions and 52 certificates satisfied.

By 1980 we probably shall have reached our peak population—150,000,000.

HOTEL PAINTED

Painting of the MacDonald Hotel was completed late last week

by Elgus Frank, contract painter. He started work Wednesday on the DeVaney apartment building.

Use of 2, 4-D Spray Not Injurious

Use of 2, 4-D in spraying pastures has not proved injurious to cows nor sheep grazing on the treated pasture, in tests conducted recently by the United States department of agriculture, says Everett Kreizinger, extension agronomist at the State College of Washington.

The test gave no indication that any of the chemicals passed from the digested plants into the cow's milk. Even when the experimenters added pure chemicy to the grain ration of a cow at the rate of 5.5 grams a day for more than 100 days she showed no ill effects in weight, production of milk, or in appetite.

Egg Production Expected To Be 40 Per Cent Less

Egg production from July through December will be about 40 per cent less than in January-June, but the reduction will be offset by near-record midyear cold-storage stocks and a sharp decrease in noncivilian requirements. Of the 105 million cases of eggs estimated to be produced in the first six months of 1946, hatching will take 5 million cases; government (for drying to meet commitments), 13 million cases, and civilians, 73 million cases.

Don't assist in depleting our forests by being careless. The economic loss from fire is many times the loss of the material burned, whether it be in field, range or forest fires. Let's all join in the effort to KEEP OREGON GREEN.

A baby born this spring came into the world with a debt of \$1987 as his share of the national debt.
