### Birthday Party Enjoyed Monday

Jennie Lusby was the guest of honor at a birthday party given for her in her home by Tressie Michener last Monday evening. The 12 friends found no one at home when they arrived, so they seated themselves at tables of cards while the younger Lusby's searched the town to bring their mother home for her surprise.

By the time she came, nearly all the guests had minus scores in pinochle. The highest score the whole evening was only as high as one good hand could be. It was held by Mary Sawyer. Emma Johnson was winner of the low prize.

The delicious lunch served by the hostess, Tressie Michener, turned out to be fruit cocktail (with Bartlett pear labels on the

cans) and cottage cheese salad, sandwiches, ice cream and cake—locked in where the hostess couldn't get it. So Mrs. Lusby cut a big angel food birthday cake.

After lunch a large chair, which was moved to the kitchen, would not go back into the living room. When all the guests tried and had decided to tear off the door casing, it, by a slight turn, went through.

After all the laughter had subsided, everyone went home feeling she'd had a very good time. "Have another birthday soon, Jennie."

## 4-H Fat Stock Auction Resumes

The first statewide 4-H club fat stock auction since before the war will be held at the state fair in Salem Friday, September 6 starting at 10 o'clock, announces L. J. Allen, assistant state club leader at O.S.C.

Offered at the auction will be approximately 50 to 60 baby beeves, 100 lambs and 100 hogs fattened by club members. A sifting committee consisting of livestock judges and packer representatives will inspect all animals to insure uniformly high quality animals to be auctioned.

Many local auctions were started during the war by single or adjoining counties. These proved so popular that many of these will be continued this year in addition to the state fair auction, Allen reports.

There is no clay in a modern clay pigeon. These extremely brittle trapshooting targets are made of molten pitch, mixed with pulverized limestone and poured into water cooled moulds.
