Guests Enjoy Bridal Shower at Mist Wed.

MIST—Mes. Mary and Alma Garlock were hostesses to a bridal shower given at their home for Mrs. Fred Larson (Patsy Garlock) last Wednesday afternoon. There were many guests from far and near and many and lovely were the gifts received. A most delicious lunch was served during the afternoon of ice cream, two kinds of cake and Jello. A guessing game was played and the festivities ended with a clever feature, "Here Comes the Bride" played on the piano by Mrs. Bern Bliss and the appearance of a bride and groom a mop and broom dressed in the usual wed-

Initiation for 19

One of the largest classes ever to be initiated into the Knights of Pythias here at one time will receive the degree work next Monday night, September 9 for the Page rank. Plans for the event include a visit by the Grand Chancellor of the State of Oregon. He is Joe Gross and with him will come a delegation of Knights from Portland.

Other delegations are expected from Forest Grove, Hillsboro, North Plains and St. Helens, to total between 60 and 70 persons. Nineteen candidates will receive the degree.

Legion, Auxiliary Trip
Planned September 18

A delegation of Legionnaires and members of the Auxiliary are planning a visit to the St. Helens post Wednesday, September 18, H. H. King said Wednesday. At that time he said a bus will probably make the trip so there will be plenty of seats for members of both groups who wish to go.

The St. Helens post has scheduled their installation of officers at that time, hence the desire for Vernonia to be well represented in returning a visit of a delegation from there which witnessed the installation here a short time ago.

Legion and Auxiliary members wishing to go and who have not already done so are asked to notify Mr. King so that he will know the number desirous of attending.

Highway Toll in State Going Up

Oregon's highway death toll has soared to 250 for the first seven months of this year, according to the secretary of state's office.

This is by far the highest fatality cost for the period in the state's history. Rural crashes claimed 72 per cent of the dead. Emphasized is the rural danger and the rising tendency for fatal accidents to take more than one life.

Up till recently, a fatal accident usually meant one life snuffed out. Now it often means two, three, four and even five dead in a single instant.

All who use inter-city roads are warned to be especially on the alert for trouble because late summer is the peak for rural fatalities. Thirty-eight were killed in July and the August toll is expected to be even higher.
