

# HERGERT STARTS LOGGER TURNOUT

## GAME WANTED SEPTEMBER 20

High school sports are coming back for another season and this week was the start. Coach J. Hergert issued a call for pre-season football practice early this week and about 40 hopefuls suited up and turned out Tuesday afternoon to begin the fall practice grind.

The turnout saw 38 boys on the field Tuesday and that number may increase when school starts next week.

The grid schedule this year is nearly completed the coach said but there still remains an opening for September 20 and another for October 11. Otherwise, all dates are filled through November 8 when the season ends.

The schedule as it now stands is:

- September 20—Open.
- September 27—Et. Helens here.
- October 4—Seaside there.
- October 11—Open.
- October 18—Scappoose there.
- October 25—Hill Military here.
- November 1—Sherwood here.
- November 8—Rainier here.

## Polio on Wane; Vigilance Urged

While the seasonal incidence of poliomyelitis cases is on the wane, Dr. Harold M. Erickson, State Health Officer, advises that precautions which may be taken

# SPORT TOPICS

## Benefit Dance Saturday Plan

Vernonia Country club members will enjoy a benefit dance Saturday night and the club treasury will gain as a result in order that finances may be obtained for purchase of trophies for recent championship winners.

The affair is scheduled for 9 p.m. at the club house and the carrying out of details to make the event successful have been handled by the tournament committee of John Roediger, Calvin Davis and Kent Bauersfeldt.

against communication of the disease not be relaxed. Constant vigilance, he feels, is a most effective control from a public health standpoint.

Here again are some of the now familiar do's and don'ts:

1. Sanitation. Destroy flies and eliminate places where they breed such as around garbage dumps and outdoor toilets. They are known carriers of the polio virus and may account for its spread.
2. Personal cleanliness. Wash hands frequently. Keep them away from the mouth. Let no member of the family put into his mouth (i.e. infants) anything soiled by body discharges.
3. Pure food. Use only milk and water known to be pure. Keep flies away from all food.
4. Isolation. Avoid contact with illness where there is suspicion of polio. In any epidemic avoid crowds, do not swim in polluted water.
5. Diagnosis. Treating the disease in early stages gives the best chance for recovery. Symptoms vary but are like those of other illnesses, including headache, slight fever, head cold or sore throat. Watch also for poor appetite, irritability, nausea, vomiting, diarrhea, or constipation and pain or stiffness in the back or neck. If you suspect something is wrong, call a physician.
6. Keep calm. Many who become infected escape serious illness, and the large majority recovers.
7. Be careful. Follow all general rules for personal health, such as obtaining sufficient sleep, eating healthy foods regularly and avoiding over-exertion or extreme fatigue.

## SHOOTERS ARE NEED OF CLUB

Another fall and winter sports activity started last Wednesday when the Vernonia Gun club resumed practice at the range. Regular practices are on the club schedule for the future in order to be ready for the coming rifle competition in the Columbia-Willamette league.

New riflemen are needed in order to enter two ten-man teams in future matches. Anyone desiring to learn to shoot or who can already shoot but is not now turning out is invited to try for a place on one of the teams.

It takes about three weeks under ideal conditions to convert a military transport for use as a commercial airliner.

## RHEUMATISM and ARTHRITIS

I suffered for years and am so thankful that I am free from pain and able to do my work that I will gladly answer anyone writing me for information. Mrs. Anna Pautz, P. O. Box 825, Vancouver, Wash. Pd. Adv. — NUE-OVO Laboratories.

Perfect for Canning!

As available supplies will be uncertain, we will not advertise a price.

## Pickles and relishes that are easy to make

One of the easiest of all canning jobs—and one that will bring just about the most pleasure during the winter months—is to make plenty of pickles and relishes. Here are two old favorites.

- BREAD AND BUTTER PICKLES**
- 2 1/2 pounds small cucumbers (about 25) 2 teaspoons celery seed  
 2 3/4 pounds medium-size onions (about 8) 1 teaspoon dry mustard  
 1 quart vinegar 1/2 cup salt  
 2 cups sugar

Wash cucumbers; slice; peel onions and slice. Soak separately overnight in cold water; drain. In large kettle combine remaining ingredients. Bring to boil. Pour over cucumbers and onions; let stand 1 hour; bring to boil. Boil 3 minutes. Pack into hot sterilized jars; seal at once. Makes 6 pints.

- TOMATO-FRUIT CHILI**
- 2 pounds peaches 3/2 pounds tomatoes (about 6 large) (about 30 medium-size)  
 2 pounds pears (about 6 large) 3 cups sugar  
 2 pounds onions (about 6 medium-size) 1 quart vinegar  
 1/2 tsp. salt  
 2 buds garlic 1/2 tsp. allspice  
 3/4 pound green peppers (about 3 large) 1 tsp. salt

Peel peaches, pears, and onions; chop. Seed green peppers; chop. Scald tomatoes; peel; chop. Mince garlic. In large kettle, combine all ingredients; Cook slowly about 2 hours, or until thick, stirring occasionally. Pour into hot sterilized jars; seal at once. Makes 8 pints.
