Four Millions of Surplus Sold

The Portland war assets office liquidated surplus property worth more than four million dollars, government cost, during August, according to C. T. Mudge, regional director.

Property in this region's inventory, with a book value of \$2,744,927.40 was sold for \$1,217,336.09, a recovery of approximately 48 per cent. Through inter-regional operations—locating material, equipment and supplies all over the country for buyers in Oregon and southwestern Washington—\$250,007 worth of surplus was sold for \$169,899, a recovery of 66 per cent.

The Portland region's rapidly growing automotive and construction machinery division disposed of \$1,607,000 worth of surplus for \$1,125,000, about 70 per cent recovery.

Coming months will show rapidly increasing sales from the national inventory as the result of current plans for surplus in large supply to be definitely allocated to the 33 regional offices so that each can make direct sales to its customers without checking to see if the items are still available, Mudge said.

In addition, the Portland office served hundreds of persons by informing them of various site sales, where the buyer is required to be present, over the nation.

Passenger Car Production Up

Production of passenger cars by General Motors in the United States was increased 1783 last week over the previous week and for the first time since VJ-day GM's weekly car output went over the 25,000 mark. C. E. Wilson, president, said in an announcement received here this week by Edw. Salomansen, owner of the Vernonia Auto company.

GM's passenger car production in the U.S. last week was 25,460 compared with 23,677 for the previous week.

The 25,000 cars achieved last week, compared with a normal weekly production of approximately 45,000 cars by GM in 1941. Passenger car production by GM in August was approximately 35 per cent higher than in July. A total of 101,278 cars were produced in August by GM compared with 75,051 for July.

Truck production by GM in the U.S. also improved last week with 10,729 units turned out compared with 9968 for the previous week. August truck production by GM was 40,166 compared with 36,338 for July.

Supplier strikes affecting GM production fell off slightly last week with a total of 59 reported compared with 62 for the previous week. Of the total, 43 were in the United States and 16 in Canada.

Twenty-eight of these strikes have been in effect for more than 60 days; 24 from 16 to 60 days; and 7 from one to 15 days.

Railway signals to direct American trains were first used in the 1830's on the New Castle and Frenchtown railroad. Before that an engineer had only a time card to guide him.

Mist Activities Are Mentioned

MIST—The Geo. Jones folks moved back to their home here from the lockout last Saturday but Mr. Jones makes his daily trips up to Benson lookout on fire patrol.

The Wm. Bridgers spent the week end a week ago at the beach.

Austin Dowling returned to work on the highway Monday. He had a two weeks' vacation, then he was ill for a couple of weeks.

Mrs. L. Wickstrom drove to Forest Grove Saturday taking her daughter, Mrs. Chet Clendian that far to take the bus to her home at Florence.

The L. Renfrow family visited the Austin Corll family and Mrs. Grey Sunday.

Mrs. Mary Eastman visited Mrs. Jane Carter three days last week, then went on to visit the Bert Eastman family.

Mrs. Austin Dowling and son, Bernard, were in McMinnville Thursday.

Some of the highway crew went to Salem Tuesday to bring back a truck that has been there for repairs.

Mrs. Sonny Wickstrom came home from California Wednesday night.

The Earl Ropers are doing some remodeling in the interior of their home.

Bernard Dowling left Monday for a week's cruise down the coast.

Mr. and Mrs. Merl Chase stopped at the Bridgers on their way from Rainier to the beach Tuesday.

Insurance Loan Interest Drops

Veterans of this area who have loans on government life insurance policies will benefit from the reduction of interest rates from five to four per cent annually, Tom Craig, veterans administration representative here, pointed out Wednesday.

The recent rate reduction is in keeping with the present trend of interest rates on policy loans made by commercial life insurance companies, Craig stated.

In the nation, about 127,000 veterans of both world wars will save more than \$1,000,000 on more than \$115,000,000 worth of loans outstanding against U.S. government life or national service life insurance, as a result of the latest cut.

Craig pointed out that veterans may secure loans on permanent plans of G.I. insurance after their policies have been in effect one year. Inquiries may be made of Craig at the city hall here, where he is available to veterans on Wednesday mornings of each week.

Power of the Press

Went to the State Fair at Salem last week with the Missus and small daughter, Patty. Got there too late for box seats, so we packed in the press box. So, when questioned about our intrusion, I simply stated I was a reporter for the Vernonia Eagle, and so we stayed in the press box.

What with the price of beer lower and the prohis putting on their war paint, guess I'll have to ask for a job on a newspaper.

Of course, right now, we have the best of food, wine and beer, and sometimes, when we're in good humor, we even say "thank you."
