## Defeat THIS CRACKPOT NEW INCOME TAX

Don't let Oregon be the "Guinea Pig" for a Fantastic Tax Plan that Dr. Townsend himself once "unalterably opposed" as unsound!

**BEWARE!** There is a measure on the November 5th ballot designed "To Create State Old Age and Disability Pension Fund" that would levy a 3% Tax on all Gross Wages, Salaries, Sales of farmers, wholesalers, manufacturers and retail business, and earnings on investments and life insurance benefits above \$100 a month.

It's in addition to all other taxes, both state and federal.

It would require new and additional monthly income tax reports.

It would not repeal any other taxes.

It is a special purpose tax to give everybody \$100 at 60 whether in need or not.

It would not be used for any other State function unless there is a surplus after paying everyone at 60 — \$100 a month.

It would cut your take-home pay.

It would pyramid on many products and operations.

It would wreck Oregon economy.

## VOTE IT DOWN!

No other State has it. Oregon is being made a "guinea pig".

## VOTE 315 X NO

Oregon is steadily increasing its old age assistance payments and is now among the first six states in this respect. Keep this plan progressing and sound. Don't let a crackpot measure imperil what old people in need now receive!

### Read this from the measure:

**SEC. 3.** In addition to all other state taxes and excises there shall be levied, collected and paid each month beginning with the month of July, 1947, a tax of 3 per centum of all the gross income of every person, firm, association, co-partnership or corporation, residing or doing business in Oregon, derived from any and all sources excepting such income as is exempted from state taxation by the constitution and laws of the United States and except such income as is specifically exempted in Section 5 of this Act.

**SEC. 4.** For the purpose of this Act the term "gross income" means the gross receipts of the taxpayer received as compensation for personal services and the gross receipts of the taxpayer derived from trade, business, commerce, or the sale of tangible or intangible property and including interest, dividends, discounts, rentals, royalties, fees, commissions, bonuses, or prizes or any other emoluments, however designated, and without any deductions on account of the cost of property sold, the cost of materials used, labor cost, taxes, royalties, interest or discount paid, or any other expenses whatsoever.

Paid advertisement—Committee Against New 3% Income Tax, 425 New Flies Building, Portland, Oregon.  
Mr. E. A. McCormack, Eugene, Chairman;  
Walter W. R. May, Oregon City, Secretary.
