Vegetables are pretty ... look before you eat

Colorful fall produce lends itself to decoration as well as to menus. Use the choicest fruits and vegetables from your trip to the store for centerpieces for table, mantelpiece, buffet, or shelf before you eat them. Be sure they are firm, but not quite ripe. Wipe off the fruits and vegetables, shine them, but do not wash.

Try this centerpiece of onions, apples, wheat or dry grass and autumn leaves. The candleholders are apples hollowed out so the candles will fit, set on autumn leaves. Insert tufts of wheat in with the candles.

Here fruit is arranged in a split Hubbard squash. Ivy leaves (or other green leaves) are placed around the arrangement. On each side are Danish squash candleholders.
