

## TOPICS OF THE TOWN

Mr. and Mrs. Judd Greenman returned Sunday from a two-week vacation spent at Depoe Bay.

Mr. and Mrs. Ellis Woolridge and two little girls, Madaline and Shirley, were out to spend the week end with Mrs. Woolridge's parents, Mr. and Mrs. Otto Michener. Mrs. Michener and daughter, Margaret, have just returned from a trip that took them to within 20 miles of the Canadian border. They visited at Ellensburg, Yakima, Okanogan and Spokane and went to see Mrs. Michener's aunt at Colville, Washington. Her mother, Mrs. Nancy Wirth of Forest Grove and her mother's sister, Mrs. Abbie Williams of Fruitland, Idaho, were there also. The aunt, Mrs. Michener went to see was her mother's sister also. This visit was the first time all had been together in over 25 years. The trip also took the local people to Grand Coulee dam. They returned Sunday evening.

Mr. and Mrs. Howard Hockett of Whittier, California, are visiting at the John Burnside home since early last week. Mrs. Hockett and Mrs. Burnside are sisters.

Mrs. Mary Rae of Upland, California, is spending a few months here with her cousin, Nan Hall. Mrs. Rae previously toured in her native state, Kentucky, and also visited friends in West Virginia, where she spent the early part of her married life and Arkansas, where she lived for 31 years. She was surprised Sunday afternoon by relatives when they gathered at the Nan Hall home to celebrate her birthday. The date was near Alfred Bays' birthday also so he was included in the surprise. A sumptuous dinner was served and all enjoyed the day.

## Elk Seasons Open Oct. 29

Elk season will open October 29 and extend through November 20 in eastern Oregon and close on November 14 in western Oregon counties.

A large part of the area east of the Dalles-California highway will be open for an elk of either sex, with the northeastern corner of the state (north of the North Fork of the John Day river and the north line of Baker county) open for bulls with antlers only. In western Oregon only bull elk with forked antlers may be taken and the season will close on November 14.

There will be no open season for elk in Jackson, Josephine, Curry, Coos, Douglas, Tillamook, Hood River or Wasco counties. No person shall possess or transport elk in areas in which the season for such animals is not open unless said animals have been properly tagged with metal seals within the area in which they were legally taken. Metal tags will be available at all State Police patrol offices and at Game Commission tagging stations.

Metal seals will not be available for tagging each package of meat in storage after close of the season. However, whole carcasses or quarters must be tagged for transit and each package stored should be marked with the name and license number of the party who killed the animal.

All deer in possession or transit in the field must be properly tagged with a metal seal within two days after the close of the deer season, October 25. Untagged deer in possession during elk season will provide prima facie evidence that such animal has been unlawfully taken.

Fair success may be anticipated by hunters bound for Umatilla, Union, Wallowa, Baker and Grant counties. Clatsop and eastern Lane counties are expected to provide the best elk hunting in the western Oregon area.

## News Events At Mist Told

MIST—Mr. and Mrs. Chas Hansen and daughter have arrived home from a two weeks' trip to California.

Mr. and Mrs. Earl Roper were here from Hebo over the week end.

Joe Enneburg was home last week from Illinois, where he is serving Uncle Sam. He will leave for Alaska soon.

Mr. and Mrs. Perry McGee were here from Willamina during the week end.

The L. P. Wickstrom folks butchered a beef Monday.

Mr. and Mrs. Francis Burnham and the Ed Lindbergs spent Sunday with their folks, the J. O. Libels.

The "Fuller brush" man, Mr. Hansen, from Sherwood was through the community last week calling on the villagers.

Norman Hansen and his sister, La Verne, were in Clatskanie Saturday.

Mr. and Mrs. J. W. Houry spent the week end at Oswego.

Mr. and Mrs. Raymond McGee were up from Willamina Saturday night.

Minnie Hughes was a Mist shopper Tuesday.

A circuit breaker and a fuse have the same function. Both are safety devices to prevent flow of current when an electric circuit becomes overloaded. A circuit breaker is a switch that opens automatically when too much current flows in the circuit. A fuse contains a piece of soft metal that melts and opens the circuit when there is too much current.

Time I took my suit for cleaning and pressing. Think I'll have it moth-proofed, too.
