LIONS WILL STAGE NEW PAPER DRIVE

SEASIDE—A paper drive will be staged Sunday, February 2, by the Seaside Lions club which will share proceeds with the junior class of the Seaside high school.

Those in charge of the drive have requested that everyone who has paper accumulated tie it in bundles or pack it in cardboard boxes and place it in a conspicuous place for pick-up by the Lions' trucks.

Former paper drives by the club have brought excellent results, the last bringing in 16 tons, and it is hoped that the February 2 collection will be as great.

We are working hard to provide telephones for everyone who wants one, and to rebuild our service until it is again the finest in America.

Before we can accomplish these objectives, we must install a tremendous amount of equipment—wires, cable, switchboards, buildings and so on. We call this equipment "plant".

We are installing this new equipment as rapidly as we can secure it but many critical items such as lead and copper are still difficult or impossible to obtain.

During the year of 1947, we promise to "grow" as much new "plant" and as many new phones as the supply of incoming materials will allow.
