ST. HELENS — Classes were normal at the four St. Helens public schools, Wallace McCrae, city school head, said last week. All buses were operating their usual routes.
There was increased absence in the primary grades, but this condition was believed due to an invasion of chicken pox rather than to the cold weather.

Official End of War to Effect G.I. Bill Most

The veterans administration has found officially that President Truman's recent proclamation ending hostilities has no effect on most of the laws administered by that agency, Thomas M. Craig, VA contact representative for this area, announced this week.

Foremost among these is public law 346, the GI bill.

Craig explained that the VA has held that the date of the official termination of the war rather than the cessation of hostilities will be the determining factor in establishing a deadline for the educational, loan and readjustment allowance provisions of the GI bill.

Disabled Also Affected
The same ruling applies to vocational rehabilitation under public law 16 for disabled veterans, Craig stated.

Under the GI bill loans may be guaranteed or insured by VA up to 10 years after the end of the war. Education or job training may be started up to four years after the war. Readjustment allowances for discharged veterans expire two years after the war's end.

Disabled veterans eligible for education or training under public law 16 face no specific deadline but must complete their training within nine years after the end of the war.

In non-service connected death and disability cases, rights depending on war veteran status alone, such as hospitalization,

domiciliary care and burial allowance, will be accorded only to those who served between December 7, 1941, and the date of the president's proclamation December 31, 1946.

Ruling Explained Further
Also affected, the VA representative said, are army and coast guard cadets and navy midshipmen. They no longer have an active duty status for the purposes of laws administered by the VA. Therefore, their service after December 31, 1946, as cadets or midshipmen may not be credited for veterans' benefits.

The VA ruling specified that wartime rates of compensation will continue to apply to service connected disability and death cases for members of the armed forces until official termination of the war.

Craig meets with veterans each Wednesday morning in the City Hall at Vernonia.
