From The Eagle, Jan. 14, 1938

Oscar Weed was appointed Saturday night to a place on the Union high school district board of directors to succeed H. M. Condit, who resigned at the same meeting.

K. A. McNeill resigned his post as Vernonia city councilman Monday evening at an adjourned session held in the council chambers. In submitting his resignation he stated that he had disposed of his business and felt it best to resign in view of his future plans.

Andrew Parker said that the Nehalem river was fully two inches higher at flood stage recently than ever before in its current history. He has made accurate measurement on the flow for many years.

Ben Brickel has a crew of men busy this week remodeling, renovating and improving the Coyle building which he recently purchased.

RECREATION HIT

FOREST GROVE—Forest Grove certainly can stand more and better facilities for use in its leisure hours.

Willard H. Shumard, Northwest field representative for the National Recreational association bluntly told some of its civic leaders during his visit and inspection here recently.

"I don't know of any city this size which knows facilities worse than you do," he stated.

IMPROVEMENTS OVER \$20,000

SHERIDAN—Improvements to the city's water system during the past year amounted to \$22,112.00, according to a report submitted by City Water Commissioner, E. M. Huntley. Major item in the improvement was the installation of 500 meters on the system for a total of \$12,500.

Fifty new taps to water lines brought in \$1,250, and nine larger type meters cost \$540. One new line was \$300.

COPTER SEEDS 640 ACRES

SEASIDE—It took a helicopter about two hours to distribute several million seeds over 640 acres of land included in the Crown Zellerbach reforestation project a week ago Sunday. The actual work was the least of the difficulty involved, as the copter was grounded for several days by weather. A total of 462 pounds of seed

80th Birthday Is Celebrated

TREHARNE — A. R. Stanton celebrated his 80th birthday January 7.

John Schmidling visited the Chas. Uhlin home at Glenwood Sunday.

Mr. and Mrs. Dan Richards accompanied by Mr. and Mrs. A. R. Stanton were visitors at the Chas. Uhlin home at Glenwood Sunday. John Lund of Portland called at the Stanton and Bergstrom

was dropped over the area, located in the Saddle mountain district. Species included white fir, Port Orford cedar, hemlock and Sitka spruce.

Reports indicated that the operation of the copter was far more successful than that of an airplane used previously.

METERS SHOW GROWTH

McMINNVILLE—Another indication of the growth of McMinnville during the past year is found in the report of the city water and light department that 113 new water meter installations were made during 1947.

Department officials, figuring on the national average of 3.8 people per average family, point out that this would indicate a population growth of over 425 persons. The department now has a total of 1859 meters in service. In 1942, there were 1539 meters in operation.

From where I sit... by Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who are the folks who make up our town? Where'd they come from?

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!
