From where I sit... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.
