STUDENT-VETERANS--IF YOUR DEPENDENCY STATUS HAS CHANGED, SUBMIT PROOF OF ADDITIONAL DEPENDENCY NOW TO YOUR VA REGIONAL OFFICE

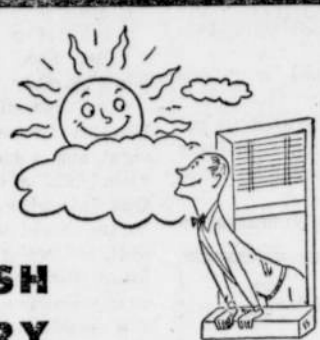

To avoid deterioration while in storage, many parts for Navy planes are now being bought and distributed sealed in "tin cans".

Less than fifty years ago, petroleum supplied only eight per cent of the nation's total energy. Today, almost half the energy is derived from petroleum and natural gas, and their use is increasing steadily. Here on the Pacific Coast, for instance, 90 per cent of the energy is derived from petroleum and natural gas.
