Warren Grange Presents Gavel

A large group of Warren Grange members visited Vernonia Grange last Saturday night and by means of a cleverly executed drill, presented the traveling gavel to Herbert Counts, Master of Vernonia Grange.

Jerol Moran was introduced to the Grange by Byron Kirkbride, leader of the club to which Jerol belongs. Mr. Kirkbride told of Jerol's club activities and showed the many fair ribbons Jerol had won. Mr. Counts, Grange Master, responded by presenting to Jerol the Grange Scholarship which entitles him to attend the 4-H summer school at Corvallis in June.

This Saturday night, Vernonia Grange will visit Canaan Grange which meets on the Columbia county fairgrounds at Deer Island. Because Canaan is on daylight saving time, it will be necessary to leave Vernonia at 6:00 p.m. standard time, so all Vernonia Grangers are to assemble at the Vernonia high school at 6:00 p.m. Saturday.

Clam Digging Enjoyed; Nebraska People Visit

CAMP MCGREGOR — Several families enjoyed clam digging at Seaside over the week end.

Use of One Car Needed

One more car is needed to haul strawberry workers to the Frank Bailey fields above Buxton Mrs. Frank Morris said early this week when she reported that berry growth there was spotted this year. Certain slopes suffered from the frost while others were not affected, but that there was no uniformity as to which slopes were damaged.

Mrs. Morris asked that anyone interested call her if they have a car available. Picking will probably start 10 days later than in the valley and will be close to the seventh of next month.

THE VERNONIA EAGLE

Fair Dates Set For This County

The 1949 Columbia county fair will be held August 18, 19 and 20 at the fairgrounds near Deer Island, it was reported by the County fair board recently.

An extensive program of agricultural competition is being arranged by the fair board, which hopes to make the 34th annual county fair the biggest in history. Members of the fair board include Jewett A. Bush, Clatskanie; Ralph Langdon, Scappoose and Dr. Kent Magruder, Marshfield.

Only one or two offspring reach maturity from the millions of eggs produced yearly by a single fish.
