FUEL FOR YOUR SPARK!

Unlike oil heaters limited to the use of one or two types of fuel oil, SPARK oil heaters give clean, efficient heat with FOUR TYPES OF FUEL OIL:

- No. 1 oil or kerosene (similar to the fuel used by jet planes).
- No. 2 oil.
- No. 3 oil.
- Motor diesel oil.

Last winter, for example, SPARK heaters using common motor diesel oil provided thousands of homes throughout the nation with clean, satisfying warmth!

See your SPARK dealer for a demonstration of this versatile, years-ahead SPARK oil burning heater.

FOR COMFORT THIS WINTER:

Prepare now! For greater convenience and a steady, assured supply of oil—install a large size oil storage tank, 275 gal. capacity or larger.

78 Gift Boxes Made For Foreign Children

Grade school students who participated in the work of the Junior Red Cross collected a total of \$32.40 during the latter part of last year and the money was turned over to the county Red Cross chapter last week along with 78 gift boxes which will be sent to children in foreign countries.

The gift boxes contain items which children in occupied countries probably do not have and are not able to get.
