

All of You Should Read All of This:

Is the high cost of living getting you down? People who live in the Nehalem Valley can help themselves to overcome part of the costs that are necessary to daily living. This is the way to accomplish it.

The merchandise you find in Vernonia stores compares equally and in many cases is better than that to be found in the stores of other cities. These displays of goods offer shoppers bigger selections from which to choose their purchases without undergoing the time and expenses of traveling out of town.

There are other advantages for the shopper who confines his buying to local stores. One of these is service. Business men here will stand back of their sales. They are vitally interested in assuring their customers satisfaction because they wish to maintain a high reputation for future business.

The shopper who goes elsewhere to buy can not be sure of this consideration from the store where he or she buys.

This is the second in a series of four advertisements pointing out the many advantages of patronizing Vernonia merchants.
