

## Santa Says:

I've traveled a lot and here is some good advice. You can easily fill your shopping list in Vernonia because gifts of all kinds are available at prices comparable with big city stores. So—

## Shop Here!

You will also benefit in other ways also. For example, there are no parking meters to bother you and there is no parking problem. You do not waste time traveling to find the same gift items you can purchase here.

## And Don't Forget

When you purchase your needs here, your money comes back to you in many ways to increase prosperity in this area. Local merchants with whom you trade support schools, churches, and civic projects as well as maintain payrolls. Money spent elsewhere is gone, usually forever.
