The purpose of this clinic is to assist parents in working with their deaf child and to acquaint them with the educational facilities for the deaf in the State of Oregon.

Sportsmanlike DRIVING

GIVE YOUR CAR A SQUARE DEAL

Does your car enjoy good car health? Too many cars go to garages for the same reason that too many human bodies go to hospitals—they never got a square deal, says the AAA driver training book, "Sportsmanlike Driving." As far as garages and hospitals are concerned, there's a good little slogan—*Upkeep Keeps You Out.* Caring for your car is a good example of where "the stitch in time saves nine." Little troubles develop into big breakdowns. For both safety and economy, keep every part of your car in tip-top shape.

- Follow seven easy rules for simple car care:
1. Keep your car well lubricated.
 2. Warm the engine before driving.
 3. Drive smoothly, at reasonable speeds.
 4. Keep tires properly inflated.
 5. Check your brakes, lights, and horn.
 6. Treat your battery right.
 7. Have your car garage-inspected regularly.
- Point with pride to a car in good health. If you want a square deal from your car, give your car a square deal!
