From the Office Desk

By Marvin Kamholz The subject of safety merits the attention of everyone and it is receiving more and more of just that because of the increasing number of accidents that result in injury and frequently the loss of life. With the Labor day week end just past, the toll in traffic is being counted for the number of lives lost from traffic as well as other holiday causes. That toll is too large and is increasing.

Renewed attention is being called again to this state's school bus stop law, the observance of which is designed to prevent accidents to school children who travel to and from their homes by bus during the school year. A resume of the stop law rules calls attention to the fact that drivers approaching from the front or rear must stop when a bus is stopped to load or unload children. If children are not leaving the bus, drivers can proceed after stopping.

The only time vehicles are not required to stop when a bus is picking up or discharging passengers is when approaching the bus from the opposite direction on a three or four lane highway. Strict attention by drivers to this law means greater safety for children and consequently less accidents.

Hunting season opens early next month and with it will come the danger of accidents that totaled 28 for the 1952 season, an increase from 1951 when the total was 16. The Oregon state game commission is stressing safety more than ever this year to point out the danger and reduce the number of accidents. The commission has totaled the causes of accidents the number of each as follows: self-inflicted, 10; mistaken for game, 3; accidents discharge of hunting partner's gun, 5; in line of fire, 6; ricochet, 2 and unknown, 2. The Sportsmen's Service Bureau, an eastern institute, points out 10 commandments of safety for hunters:

1. Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.
2. Guns carried into camp or home, or when otherwise not in use, must always be unloaded and taken down or have actions open; guns should be carried in cases to the shooting area.
3. Always be sure barrel and action are clear of obstructions.
4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
5. Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
6. Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
7. Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
8. Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
9. Never shoot a bullet at a flat, hard surface or the surface of water.
10. Avoid alcoholic drinks before or during shooting.

YESTERDAYS

FIVE YEARS AGO From The Eagle, August 28, 1948 Payment of the current city expenses will go on a temporary warrant basis this month because of a lack of ready cash. Water department rentals, chief source of city revenue, is not sufficient to offset rising costs. New, higher water rental rate to become effective this month is expected to help considerably in meeting increased cost of city operation.

TEN YEARS AGO From The Eagle, August 26, 1943 Mary Edith Branton, weight 1 1/2 pounds, was born August 21 at 6 a.m. at home and one hour later was taken to the Lloyd Maternity home where she is doing nicely. The parents are Mr. and Mrs. Leo Branton, recently of North Bonnaville. The plan for nation-wide rationing of domestic heating and

cooking stoves went into effect at 12:01 a.m. August 24. FIFTEEN YEARS AGO From The Eagle, August 26, 1938 Sunday was named as the first annual Knights of Pythias crawfish feed to be held at Big Eddy park. A program, in addition to the picnic, is being arranged. The Bank of Vernonia in liquidation is preparing to clean up outstanding indebtedness in the form of real estate, homes and store buildings to make way for payment to depositors and savings accounts. The bank has paid 45% to commercial and savings depositors, it is said, and the next dividend should prove substantial.
