Refreshments were served by the hostess after which Mrs. Cline opened her many lovely gifts.

## St. Helens Hospital Bids County To Open House To Be Held June 16

Completion of the new 35 bed hospital for the Columbia hospital district at St. Helens is near and a two-day opening is being planned for Saturday and Sunday, June 16 and 17 according to Ray Richardson, hospital administrator. Saturday, June 16th, at the opening hour, 9 a.m., there will be a short program. This will be followed by guided tours of the hospital by some of the personnel. These tours will last until 5 p.m. On Sunday, tours will be from 1 p.m. until 5 p.m.

The new hospital has been pronounced "most complete and modern" by those who have seen it. All rooms are two bed wards, with private rooms available, if needed. One of the best features is the "sun-ray" design with the central nurses station so located that all lights in all wings can be seen from the station. This, with the "patient-to-nurse" communication system, guarantees prompt answers to patient calls.

The staff of the hospital will include Drs. Ackerson, Mueleck, Tupker, Steward and Zeschin of St. Helens and Dr. Day of Scappoose. In addition to these, there will be consulting surgeons from Portland. All county doctors are being invited to make use of the hospital. A pathologist and a radiologist as well as an orthopedic man will be at the hospital on stated days during the week.

There are two main surgeries and an emergency surgery. All are well equipped and up-to-date. There are twenty-five medical and surgical beds and ten mater-

nity beds. There will be two incubators for premature or very delicate babies. One room of four beds has been set aside for children. Another feature of the "baby section" is that the nursery is adjoining the lobby and has a large picture window opening into the lobby where small brothers and sisters may see the new-comer without going into the maternity ward.

Mrs. Angelo and Mr. Richardson have initiated another policy which should prove popular. This is the open hour visiting time. Friends and relatives will be able to visit patients from 10:30 a.m. until 8:30 p.m. Mrs. Angelo states that there may be short waits on occasion.

Mr. Richardson would like the public to know, that, in spite of these services, charges at the new hospital will be slightly lower than in Portland hospitals.
