## CARD OF THANKS

THE AMERICAN Legion Auxiliary wishes to thank the children who entered the Poppy Poster contest and the ladies who gave their time to judge the entries. Mrs. Frank Lange, Mrs. T. L. DeHart and Mrs. Ben Brickel served on that committee.

Mrs. Marie Atkins, Chairman poster committee, American Legion Auxiliary. 1611c

I WISH to express my gratitude to all those kind friends who sent me cards, flowers and remembered me with other kindnesses while I was in the hospital and since I came home. Your thoughtfulness will never be forgotten.

Mrs. Charlie Hickman 1611c

WORDS are truly inadequate to express the gratitude in my heart to all the kind friends and neighbors who did so many thoughtful and helpful things for me while I was in the hospital and recuperating at home. The cards, flowers, visits and other kindnesses were all deeply appreciated.

Mrs. Rueben Pederson 1611c

WE WISH to express our sincere appreciation to all the kind friends who expressed their sympathy to us through cards, flowers and other thoughtful deeds. We are especially grateful to the Vernonia Grange and the Trehanre ladies for their kindness to us.

## Cold Frame Hints Given By Agent

Medium-size stocky plants are best for transplanting. This means plants in cold frames shouldn't be forced into growing too fast or too tall, cautions Hugh J. Hickerson, county extension agent. Growth can be regulated by careful control of water and temperature.

A common mistake is to add fertilizer to cold frame soil. It is better to add fertilizing materials in a solution and then only when plants are growing too slowly to show a light green color.

To mix a small amount of fertilizer solution one heaping tablespoon of a soluble high analysis fertilizer in one gallon of water for larger amounts mix two pounds in 50 gallons of water, wet the soil with the solution, then use a spray of plain water to rinse the solution off the leaves.

Watering and careful fertilizing is about 85 per cent of the know-how when it comes to vegetable transplants.

## LEGAL NOTICE

### NOTICE OF ANNUAL SCHOOL MEETING

NOTICE IS HEREBY GIVEN in compliance with Sec. 331.010, ORS, to the legal voters of School District No. 47 Jt. of Columbia County, State of Oregon, that the ANNUAL SCHOOL MEETING, of said District will be held at Vernonia High School; to begin at the hour of 8:00 o'clock P.M. of the first Monday of May, being the 2nd day of May, A.D. 1960.

This meeting is called for the purpose of discussing any school issue pertaining to School District No. 47 Jt., Vernonia, Oregon, and the transaction of business usual at such meeting.

It is further stated that polls will be open at the MIST, BIRKENFELD AND VERNONIA GRADE SCHOOLS for the purpose of electing five directors for School District No. 47 Jt. These directors to be elected for five, four, three, two and one year terms. Also, one director shall come from the Birkenfeld area; one director from the Mist area; and three directors from the Vernonia area. These directors to begin their terms of office July 1, 1960. The polls in said grade schools shall be open from 2:00 P.M. until 8:00 P.M., May 2, 1960. Dated this 14th day of April, 1960.

Warren Aldrich, Chairman  
Board of Directors. 1513c

### NOTICE OF SCHOOL ELECTION IN THE RURAL SCHOOL DISTRICT OF COLUMBIA COUNTY, OREGON, UPON QUESTION OF INCREASING TAX LEVY OVER AMOUNT LIMITED BY SECTION 11, ARTICLE XI, STATE CONSTITUTION

Notice is hereby given that an election will be held in the Rural School District of Columbia County, State of Oregon from 2 P.M. to 8 P.M. on May 2, 1960. The election will be held in each component school district at the polling places designated as follows:

All the elementary schools in the county excepting Canaan, and in the regular polling places in St. Helens.

The purpose of the election is to submit to the legal voters of the rural school district the question of increasing the tax levy for the fiscal year beginning July 1, 1960, over the amount limited by Section 11, Article XI of the Constitution.

The reasons for increasing such levy are:

To supply the amount necessary to provide the County Equalization Fund.

Columbia County Rural School District Board Budget — \$ 26,186.00  
County Equalization Fund — 660,483.02

Amount necessary to balance budget — \$686,669.02  
Amount inside 6% limitation — \$599,531.73  
Amount outside 6% limitation — \$ 87,137.29

The amount of tax, in excess of the six per cent limitation proposed to be levied by the rural school district of Columbia County, Oregon, for the fiscal year beginning July 1, 1960, is \$87,137.29.

Dated this 6th day of April, 1960.  
ATTEST:  
Lois D. Kent, Secretary, Rural School Board  
C. E. Ellison, Chairman, Rural School Board. 1512c

## BOWLING RESULTS

### MONDAY—MIXED

Statistics remain the same with the Wolves and the Bears each taking 3 points from their opponents, the Tigers and the Lions. However, this leaves only 4 points between the first and second place positions and gives the Wolves a chance to still ensnare the Tigers. Jim Cox rolled both the high game, 244 and series, 599.

### TUESDAY—WOMEN

This was the final league night for the girls. The Bank proved they were champions of the second half of the bowling season by taking all 4 points from Sam's Food. Millers came out in second place, taking 3 from the Vernonia Drug. Jean Schwab rolled the high game, 195 and Marlea Leffler the high series, 548. The Women will hold their City Tourney next week.

### WEDNESDAY—MEN

Bob's Union gleaned 3 from Fisher's and the Vernonia Milk came through with a 4 point win over the Mill Market. This leaves Bob's Union and the Vernonia Milk tied for second with Fisher's still in first place by a 7 point margin. Ed Burton rolled the high game, 34 and Ben Fowler the high series, 589.

### FRIDAY—MIXED

The Eager Beavers dropped 4 points to the Bowling Braves and the I Don't Cares lost 3 to the Alley Cats. With only 8 points difference in the 3 top positions it's still a toss up to see who will capture first position. Bill Wilcoxon rolled the high game, 226 and Doris Skidmore the high series, 608.

### JUNIOR LEAGUE

The Junior League has terminated for the season and plans are being made for a singles and doubles tournament.

### SPLITS PICKED UP—

Trudy Magoff, 5-7; Vi Cameron, 2-7; Jean Schwab, 5-6-10; Dolly Laird, 2-7, 5-7; Hazel Shipman, 5-7, 3-10; Jim Cox, 6-7, 5-8-10; 5-6-10; Bob Rose, 3-10, 3-6-7-10; Shirley Hill, 5-6; Lou Bergerson, 5-7; Dick Johnson, 3-10; Albert Schalock, 3-10; Charlie Hickman, 2-7; Jerry Dinger, 3-10; Dessy Laird, 5-6, Bill Nelson, 3-10 and Bill Wilcoxon, 3-10.

### Is your coverage up-to-date?

If there's one "coverage" that should never be out of date, it's your insurance coverage. Property values have been going up for years. As a result, your house is probably worth more today than when you bought it. If you had not increased your insurance to cover this added value — and your house were destroyed — you could take a big loss. Make sure you're fully protected. Call us for a complete property insurance checkup today.

## Now Is Time To Spray Berries

Several important insect pests of strawberries and cane fruits will need to be controlled in the next few weeks, says Hugh J. Hickerson, county extension agent.

The oblique banded leaf roller which is an active green larva with black head will soon be giving trouble on caneberrys. For control of this pest, a 5 per cent DDT dust at the rate of 40 pounds per acre or 2 pounds of actual DDT per acre as a spray is recommended. This should be applied early in May just before boysenberrys blossom. When the spray is used, it should be directed to the underside of the leaves. One caution on this is not to apply DDT after the fruit forms.

Strawberry root weevils, a strawberry insect pest that is important, can be controlled in the larval stage by soil treatment with soil insecticides. Apply 5 pounds per acre of aldrin or dieldrin or 10 pounds per acre of chlordane to the soil before planting. Roto cultivate or triple disc it into the top 6 inches of soil immediately after spreading.

Where the soil has not been treated a late spring treatment of malathion at the rate of 2 pounds per acre or a post harvest application of dieldrin at 1 pound per acre, or chlordane at 2 pounds per acre will kill the adults.

When the above materials are used the following caution should be noted.

Aldrin and dieldrin at the 5 pounds per acre and chlordane at the 10 pounds per acre rate are recommended for use only as a preplanting soil treatment. Dieldrin at the 1 pound per acre rate and chlordane at the 2 pound per acre rate should be applied only as a post-harvest treatment.

Malathion should not be used within 3 days of harvest.
