**Fruits of Labor Shared By Pair**

That kindness to ones neighbors and the expression of appreciation are neither one dead arts is verified in a small item which came to the Vernonia Eagle office this week.

The item compliments Mr. and Mrs. A. B. Counts on their wonderful garden and beautiful yard, especially so in view of the fact that Mr. Counts is 91 years of age and she is past 70 and in ill health. Rather than sit down and quit, they have made their part of town more attractive, have provided themselves with fruit and vegetables, and have brought much pleasure to others by sharing their garden with those not having one.

The person who called attention to all this is a neighbor who has tasted the fruits of their labor and appreciated the kindness. Their example was pointed up as one for others to follow.
