THERE'S A
TOUCH OF

MAGIC

IN EVERY DAY

You can't see it, although it's constantly at your fingertips. You can't hear it, but it makes things "hum." Electricity is the magic touch that brings modern living into your life.

Electricity heats your home in winter, cools it in summer, cooks for the family, does the laundry, entertains you and can even "sit" for the baby. There's almost no end to the magical comfort and convenience of total electric living.

Now's the time to add the magic touch to your family living.
