THE PEOPLE SPEAK

To the Editor:
Housewives, do you want to take home a "pound" package grocery bargain, only to discover it weighs 13 ounces, not 16?

By a Clatskanie news item, the dairymen are already objecting to the recent appearance in the Oregon market of a package of oleo-margarine which weighs only 13 ounces instead of the customary 16.

If elected as your State Representative, I will introduce a bill that standard net weights of packages from 1 to 32 ounces shall be 1, 2, 4 or 8 ounces, 1, 1 1/4 or 2 pounds, legibly shown on the package. Any packages that are not standard weight shall show actual weight in letters that are at least one-fifth inch high but not less than one-fifth the size of the biggest letters on the package.

County GOP to Seek Fund Help

Gene Carpenter, chairman of the County Republican Central Committee, announces the appointment of Mrs. Jack Cassidy of St. Helens as finance chairman of the committee's forthcoming fund raising drive. The committee has a quota of about \$1000 for the support of the activities of the state central committee and they hope to raise additional funds for support of their many local candidates.

Dick Leith of Warren, an active St. Helens area JC, has been appointed chairman of the Republican picnic planned for September 16. The tentative plans call for a free barbecue with the general public invited. The program will include brief speeches by the state and county candidates on the Republican ticket.

Owners Go to Sales Meeting

Dave and Bert Brunzman, owners of the local Coast-to-Coast store, attended the fall and winter merchandise and sales promotion meeting last Sunday in Portland. New lines of fall and winter merchandise were on display including the new and expanded holiday gift and toy department.

Viewing the show with Dave and Bert were their wives and Dave Jr. and Grant Bowerman.

SOCIAL SECURITY

By Frank J. Lahoney

QUESTION: I will be 62 this month and I understand that I can retire and get social security but that my monthly benefit will be less than I would get if I were 65. Can you tell me how much of a reduction I will have to take if I decide to draw my social security benefits now?

ANSWER: Your monthly social security benefit will be reduced by 20 percent if you apply as soon as you reach 62. For example, if your earnings under social security would qualify you for a benefit of \$100 at age 65, you would be able to collect \$80 a month at age 62. That \$80 a month would continue to be payable to you even after you did reach 65. It would generally not go up—unless you returned to work and had earnings high enough to require the withholdings of your benefits for some months.

QUESTION: Do you advise people to take their social security payments before 65?

ANSWER: Each person must decide for himself. If a man is in good health and working full time, and wants to continue to work, he may not want to file. Another man's circumstances may be different. He may be unemployed or in ill health; perhaps he would want to file. The thing to do is check with your social security district office to find out what the possible ad-

vantages are in your particular case.

QUESTION: Can I get an estimate of what my social security retirement benefits would be before I actually retire?

ANSWER: If you give the social security district office sufficient notice, they will be able to give you an estimate of your future benefits before you retire.

QUESTION: Why is it important that I have my social security records changed when I get mar-

ried?
ANSWER: Employers who report earnings to your credit after your marriage will use your married name. Social security has difficulty associating these reported earnings with your maiden name. In order for you to get proper credit for your earnings, you should have your social security records changed to show your new name.

Fiddle with the conclusions all you like, but leave the facts alone.
