

## Zimmerman Named Head Of JayCeers

A group of young men, aged 18 through 36, are in the process of instituting here a Jaycees community service organization. They now have about two thirds of the 25 persons required to obtain a charter and effect permanent organization, but they are tentatively organized and active on community projects while awaiting for formal institution.

At their first public meeting called Tuesday of last week at the Keasey Saw Shop, the following officers were named: Neil Zimmerman, president; Stan Enevoldsen, secretary; Larry Johnson, public relations; Paul Weidman, Don Wantland, Les Caron, Ralph Keasey, Norm Axeman and Calvin Bass, committee members.

Projects which the group have carried out to date include the sponsoring of the bus to take the band to Seaside last Saturday which was a big success. The sign on the bus proclaimed it as "The Biggest Little Band in All the Land."

Other projects include assisting the Lions club and Jamboree committee with construction of the bleachers which will be used Saturday at Anderson park, then moved by the Jaycees to the city park for use on Sunday. The group also plans participation in the Jamboree parade Saturday and a dunk-tank concession for the week end.

Another project planned is assistance to the life guard at the pool with instruction in swimming and watching swimmers. Also, clean-up plans are being formulated to help in beautifying the city.

## Tree Marking Has Dangers

People are often accused of running from work but few have the excuse one employe of the Crown Zellerbach Tree Farm had recently. It seems he is a tree marker and in the course of the tour in one area, he found a bear cub. As he was looking at it, the mother spotted him and gave chase.

The story as related is that he retreated, then looked back, but the mother bear kept coming so then he really ran. When he reached other workmen, the mother bear had given up. He was wet and said he guessed he ran through the creek. The next day he was nursing various bruises but he wasn't sure just where he got them.

From now on, it is pretty certain that Tod Bowerman will be keeping a watch out for more than trees as he makes his rounds.
