## TOPICS OF THE TOWN

Mr. and Mrs. E. E. Garner were in Portland Saturday and enroute home called on Mr. and Mrs. Robert Wyckoff in Forest Grove. They found that the Wyckoff's grandson, Jimmy Cole, had spent almost a week in Tuality hospital due to a virus infection from which he was still recuperating. He came home from the hospital Thursday.

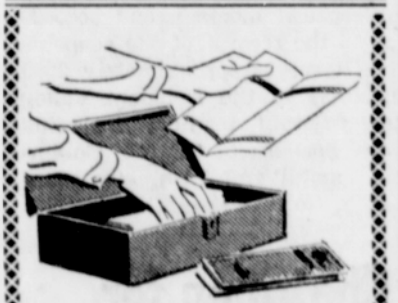

Guests since Wednesday of last week at the home of Mr. and Mrs. Harry Lines are her daughter, Mrs. Ernest Swanson and two grandsons, Lloyd and DeWain Swanson from Washburn, Wisconsin. They plan a trip to Empire to visit another daughter and husband, Mr. and Mrs. Frank Aspinall, after which they will return here then go to Seattle to the fair.

Oscar Weed visited Sunday at St. Helens with his son and wife, Mr. and Mrs. Elza Weed. Also there were Mr. and Mrs. Chester Weed of Myrtle Pines who had stopped at Lebanon enroute to see their new grandson. The babe is the fifth great-grandchild for Oscar.

Mr. and Mrs. Marvin Kamholz and sons Ed and Greg spent last week end at Seattle at the fair.

Sunday dinner guests at the home of Mr. and Mrs. E. E. Garner and Mr. and Mrs. Larry Garner and family were Mr. and Mrs. Rummage sale, Aug. 24, 25, fire hall, St. Mary's Altar Society, 3213 E. J. Hohenadel of Clackamas.

Rain spoiled picnic plans but not the enjoyment of being together Sunday for four sisters and husbands including Mr. and Mrs. Omar Poynter at whose home the group gathered, Mr. and Mrs. Edward Taylor and Mr. and Mrs. Roy Quiett of Portland and Mr. and Mrs. John Pierce from St. Helens. The visitors brought the picnic dinner which was, of necessity, eaten indoors.

Jim Davies and son Scott returned home last Thursday from a 10-day trip on which they flew by jet to New York where their sight-seeing included the Empire State building, the Statue of Liberty and other attractions. From New York they went to Washington, D.C. by train and took a tour of the city, visited the White House and saw the senate in action. Enroute home they picked up a new school bus to be used on the Mist-Birkenfeld run and drove it home from Lima, Ohio.

Mr. and Mrs. A. E. Bassett from Seattle and Mr. and Mrs. Jess Crite of Longview visited here Saturday with their sister-in-law, Mrs. Bertie Bassett, and their great niece and husband, Mr. and Mrs. Ken Smejkal and family. They found the Smejkal's busy moving to the new home they have purchased, the former Cecil Johnson house on B street.

Mr. and Mrs. Hale Graves and family from Portland visited Sunday with his mother, Mrs. Mabel Graves and attended church with her.

A former Vernonia teacher stopped briefly here Thursday of last week and talked to Sam Hearing at Sam's Food store. He was Franklin Launer who taught here about 1919 when he was only about 19 years old. He is an accomplished pianist and for many years taught in colleges. He now is retired and lives in Missouri. His father had been one of the early ministers here at the Evangelical church which has since been converted to the Cherry Tree apartments.

## Time Near for Elk Drawing

Oregon elk hunters are reminded by the game commission that they have only about two weeks to file applications for the permit elk hunts. Closing date for submitting applications is 5 p.m., August 29. The public drawing is scheduled for 10 a.m., September 7.

Applications for the elk permit hunts may be obtained at license dealers with the purchase of general season elk tags. This application contains the same serial number as the tag and becomes a unit permit when validated by the commission. The individual may file application for only one elk permit. Successful applicants for antlerless permits last year are not eligible to apply this year.

As announced earlier, no general elk season will be held in the Clatsop, Wilson, and Trask units on the north coast, and in the Douglas and Suislaw units in southern Oregon. Bull elk hunts in the units will be on a permit basis only, and hunters must possess an elk permit for that unit and an unused elk tag.

Any hunter who applies for, but does not receive, an elk permit in units where no general season will be held is eligible for a refund by presenting his elk tag to the game commission. Applications for refund will not be accepted after September 27, 1962.

## Larson Family Picnics In Spite of Showers

cousins, Mr. and Mrs. Tom Burns from Vallejo, California. ## Chamber Echoes

"That sounds like a very fine idea, BUT why put it in Vernonia?" This phrase, or variations thereof, has been heard by many different individuals who have wanted to start some small business in the environs of Vernonia. Fortunately, the majority of these queries are stated by persons living out and away from the Nehalem Valley, even though a few emanate from within the valley, which is discouraging to those who are trying to promote the welfare of the community.

There is an old, well-worn truism "Together, we stand—divided, we fall" that is not as much in vogue today as in the past. It is regrettable that we have lost sight of this truism, and surely we have, else why would we have only 36 persons who are members of the Chamber of Commerce?

"Thirty-six members — that's a good number for this size town," you might say; but have you ever counted the businesses in this community? Using the December 1961 telephone directory as a fact sheet, one can count 111 names in that book that are in some sort of a business in this area, either services, retail sales, professional, private contractors, etc.

Between now and the first of the year, each of these names will have been contacted and asked to join the Vernonia Chamber of Commerce. It is not for you to say, "What has the Chamber done for me?" If we are to succeed as a fine community, and to grow as we should in this day and age, it will have to be "What can I do for our Chamber?"

Dr. T. M. Hobart,  
Membership Chairman

## Life Preserver Rule to Change

The State Marine Board reports it has received information from the U. S. Coast Guard that, after July 1, 1963, all Kapok and fibrous glass life preservers and buoyant cushions, which do not have plastic-covered pad inserts as required by the applicable specifications, shall not be considered acceptable as Coast Guard approved equipment. As the state law requires boats to carry Coast Guard approved equipment this change will automatically apply to Oregon boats.

The Coast Guard has indicated that all approved Kapok and fibrous glass buoyant cushions bearing approval Nos. beginning with the prefix "160,048" have the required plastic-covered inserts. Cushions with any other approval numbers do not have the plastic-covered inserts.

Models No. 3 and 5 kapok life preservers and Model Nos. 52 and 56 fibrous glass life preservers have the required plastic-covered inserts. The model number is part of the required marking stamped on the front compartment of the life preserver. Kapok or fibrous glass life preservers bearing any other model numbers do not have the plastic-covered inserts.

The Marine Board has written to all boat dealers in the state notifying them that this change will take place in July, 1963 and suggesting that the dealers bear this in mind when stocking life-saving equipment for future sales.
