

Vernonia Eagle

VOLUME 40, NUMBER 45

VERNONIA, OREGON

THURSDAY, NOV. 8, 1962

PATTI ROBERTSON, just after her crowning as homecoming queen by Boxer Cox, president of the Paul Bunyan club, receives the congratulations of the other two candidates, Nancy Howard and Patti Chandler.

Homecoming Honors Past Graduates

The most successful rally and homecoming at Vernonia high school in a good many years was staged last week under the direction of two of the new teachers in the school, Miss Jacqueline Antles and Truman Jackson.

The rally, held Thursday evening, was a wonderful exhibition of pep and enthusiasm on the part of students and the only thing really lacking was spectators along the line of march. The students, led by the high school marching band, serpentine through town, stopping at intersections for yells and demonstrations by the rally squad.

Members of the homecoming court were in the parade as were members of the football squad. Signs made in competition by the four classes to publicize the homecoming game were also in the pa-

rade and first place honors were awarded to the sophomores with their very clever Logger axing the Dragon.

The rally concluded with the bonfire at the school at which speeches were heard, a skit was presented and team members introduced.

Townpeople who made the effort to get out and see the parade and cheer the students along were well repayed with enjoyment in the excellent display of spirit by the students and faculty alike.

Friday night, just prior to the game, Miss Patti Robertson was announced as homecoming queen and was crowned by Boxer Cox, president of the Paul Bunyan club. Her princesses were Patti Chandler and Nancy Howard. The girls were escorted to the field by the three football co-captains,

Boxer Cox, Bob Grimsbo and Louis Violette, who had the privilege of saluting the girls with a kiss.

At game halftime, a new feature of homecoming was the honoring of the graduates of the early classes at Vernonia high school. Each of those present was escorted to the field by a delegation of the girls and presented with flowers.

Omar Sheeley, member of the first graduating class in 1918, Theodore Keasey from the class of 1920, Hilda Tucker Keasey from the class of 1922 and Lois Malmsten Clark and Louise Malmsten Thomas from the class of 1926 were the ones present to be honored. Other invitations had been sent to several who were unable to attend.

Following the game, a dance sponsored by the Girls Athletic association was held in the school gym which was very attractively decorated with autumn leaves for the occasion. The attendance was good which added to the success of the affair.

At the dance, Delbert Bush was crowned football king by Queen Patti.

Mr. Jackson and Miss Antles have expressed their appreciation of the support given them by the townspeople. Many of the townspeople, likewise, have expressed appreciation and interest in this type of homecoming observance.

X-ray Unit to Be in County

The mobile chest x-ray unit will be in Columbia county this week end but will not come to Vernonia. Persons from this area may obtain x-rays by going to one of the places listed here. Food handlers are urged to take advantage of this free service to renew their food handler cards which are obtained by mailing the negative reply card to the Columbia County Health department.

The x-ray unit will be at the Clatskanie city hall from noon to 5:00 p.m. today and at the Moose hall in St. Helens from noon to 5:00 p.m. Friday, November 9 and from 10 a.m. to 5:00 p.m. Saturday, November 10.

Veterans Day Plans Given

Next Monday, November 12, will be a school holiday in observance of Veterans Day which falls on Sunday this year. It will also be a bank and postal holiday but Walter Linn, city recorder, indicates that the city hall will be open.

Brunsmann Hardware has indicated that they will take Monday for a holiday but other businesses contacted say they will be open for business as usual.

Census Help Needed

J. W. Acaturri, superintendent of schools in district 47 joint, placed an urgent request this week that any families who might have been missed in the census taking just completed contact the school at once so that their children are enumerated. District reports have to be sent in this week end and every child missed means a cut in school funds for the district. All persons up to age 20 are to be enumerated.

Schools Plan Program for Special Week

The local schools will observe American Education week, November 11-17 with a varied program. The major emphasis will be an evening program Thursday, November 15 at 8:00 p.m. at the Washington school to which the parents of all students and the general public are invited.

In connection with the state wide program of "Lights on for Education," the local program will consist of a panel discussion by a group of teachers on the topic "How culture subjects in education challenge the student's future." Rudy Domitrovich will act as moderator.

Following the panel discussion the parents will meet with individual teachers of the grade school in their rooms for a discussion of the program in that area. High school teachers will meet as a group with parents. Refreshments will be served to conclude the evening's activities.

The committee in charge of education week planning includes Mrs. Maude Wells, Mrs. Dorothy Buell, Miss Jacqueline Antles, Manning Bomberger and John Jensen.

Parents are cordially invited to visit any of the schools in the district during American Education week to observe the work of students and teachers.

Club to Host District Meet

District Governor Paul Eckelman has accepted the invitation of the Vernonia Lions club to host the next 36-0 roundtable on Saturday, January 26, 1963. Forty clubs will be attending to discuss the problems of the clubs and exchange ideas for improvement. This is also a chance to exchange ideas for work projects.

The Vernonia Lions club was the first host of the roundtable in 1959 which since has grown into an important function in the overall program of Lionism in district 36-0.

Sunday, November 4 John Jensen attended the district 36-0 cabinet meeting at the Bohemian restaurant in Portland. This is the organization that plans things on the district level.

Station to Close

The Social Security administration announces that its contact station in St. Helens will be closed November 12 because of the veterans day holiday.

Frank J. Laheney, field representative, will resume his regular schedule on Monday, November 19 at the Columbia county court house from 9:00 a.m. to 12:00 noon.

Election Results

Incomplete and unofficial returns.

Crowston Gets Game Mention

A clipping from the Barometer, campus newspaper at OSU, reports that the OSU Rooks defeated the Oregon Ducklings in their recent encounter at Medford by a score of 15 to 8. The item makes mention of Vernonia's Marv Crowston as follows: "Crowston did an excellent job of quarterbacking, praised head coach Jerry Long after the game."

City Approves Purchase of Generators

At the meeting of the city council Monday of this week, a recommendation was presented by Civil Defense Director B. J. Horn that the city acquire a generator for auxiliary use at the water plant in case of emergency. The council approved the suggestion and authorized application to the surplus property division for a 60-kilowatt generator for the water plant and a five-kilowatt generator for lights, communications and heat at the city hall.

Another recommendation made by Horn was that a local trainee be sent for radiological training for which the government pays half the cost. No action was taken on this.

The planning commission recommended that sale of city-owned lots in First addition be withheld until the completion of the platting of the Oregon-American area. The recommendation was approved.

James Fuiten submitted a revised lot numbering plan for the Vernonia Memorial cemetery. The council will study it to see what effect there would be in relation to existing records.

A final estimate of \$6600 was received for payment from John Havlik, contractor for completing work of sealing the sewage lagoon. The lagoon was re-worked and packed and a dike built to divide it. Half of it is now being used and is apparently holding.

In other council action, Fred Dusek was authorized to cut two dangerous trees from sidewalk area at 626 Second street, Dusek to do the work in return for wood derived and to be responsible for any damage incurred; liquor licenses were approved for Dick's Tavern and Lew's Place; the appointment of Mrs. David Brunsmann to succeed Miss Ruby Young on the library board was approved and the inquiry of Fred Bender about moving a survey monument was decided to be a problem for the county surveyor.

A report from the inspection made recently of the Civil Defense hospital was that the general services administration had pronounced this one the best in the entire area and had offered to increase it to 1000-bed setup if additional refrigeration were provided. The council authorized obtaining an eight cubic foot or larger refrigerator for this.

The Columbia County Historical society reported to the council that they were not in favor of a suggested change in plans for living quarters at the museum and the council agreed to go ahead with the plans as prepared by Noble Dunlap.

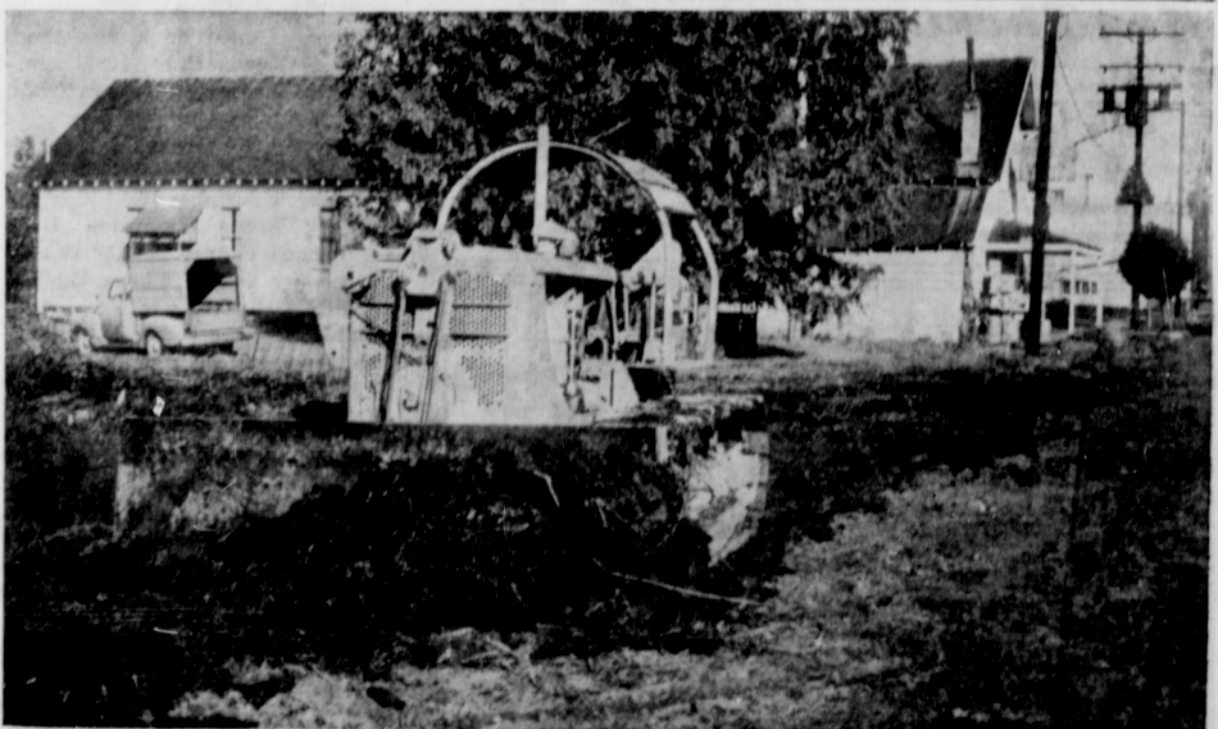

Following the payment of bills, the council adjourned at 10:40 p.m. and will meet again November 19.

QUEEN PATTI pins boutonniere on Theodore Keasey, graduate of the class of 1920, at halftime at Logger homecoming game. He was outranked by Omar Sheeley, member of the first class in 1918, but picture taken of him failed to turn out.

MRS. T. F. KEASEY, class of 1922, receives corsage from Queen Patti. Her husband and other members of court look on.

HENRY NEUMAN, Scappoose, leveled the new Vernonia sub-station site for West Oregon Electric recently. The site has now been gravelled

and is ready for construction of the 7500 KVA station which will provide Vernonia with reserve capacity for future growth.
