Don't put too much confidence in the fellow who boasts he is level-headed—wait until you find out at what level he leveled off.

I want to express my appreciation to the people of Columbia County for your support even though I came out only second best.  
I was working hard when sudden circumstances developed to cut my chances of winning, percentage wise, practically to the impossible. With only a mere chance left, I worked hard for this chance. I worked hard and clean on honest issues and for the representation of good government. I enjoyed talking to many of you people and I only wish I could have talked to all of you.  
I believe in this American system of ours. I believe in this two party system of ours. We are a competitive nation of competitive people and both of these great party's existence must be perpetuated. One would be useless without the other.  
I thank all of you.
