Yule Tree Fair Opens on 18th

It will be Christmas in September when the sixth annual Christmas Tree Fair opens September 18 at Portland civic auditorium.

The two-day fair is sponsored by the Northwest Christmas Tree association. It was originated to provide a place where individuals and firms engaged in marketing Christmas trees and other yuletide products in the Pacific Northwest can view holiday displays, get acquainted with tree products and make arrangements for their supply of trees for the coming season. Gary Sander, Oregon State University extension forestry specialist, says this year's event should be the biggest and most colorful yet.

Christmas Magic, a demonstration featuring use of natural evergreens for holiday interior decoration, will be of particular appeal to women, according to Sander. Christmas Magic starts at 10 a.m. on Saturday. There will also be a special demonstration of Christmas tree judging starting at the same time.

The Northwest Christmas Tree association is made up of Christmas tree producers from Washington, Oregon, and Northern California.
