

### Billy Graham Film Due For Showing Saturday

The new Billy Graham feature length sound-color motion picture, "Lucia" will be shown at 7 p.m., October 10 at the Washington school auditorium. Everyone is invited and urged to attend.

"Lucia" was made in its entirety in Buenos Aires, directed by World Wide Pictures' president, Dick Ross. The fire and excitement of gaucho folk music, South America's unmatched scenic grandeur and the excitement that belongs to one of the world's largest cities, are all enriched by full color and authentic sound. It deals with a story which brings out what the Bible has to say in resolving the emotional problems that are the hallmark of 20th century living.

The Courtneys served for ten years a growing congregation at Beaverton and led in the construction of a new church before going to the southern Africa country, according to Robert Sargent, church pastor, who invited the public to attend the meeting.

At 6:30 p.m. Sunday, the church will start the program of youth meetings which will continue through the winter months.

### Series Added To TV Program

Two additional series have recently been added to the instructional television broadcast schedule for Channels 7 and 10 for the 1964-65 school year: TV Kindergarten and Language and Linguistics.

The TV Kindergarten series will be broadcast daily, Monday through Friday, from 12:00 to 12:30 throughout the school year, from its beginning September 28. It is designed for parents and preschool children and aims to offer some worthwhile preschool experiences.

The series was obtained from KNME-TV, the educational television station in Albuquerque, New Mexico, and is being broadcast by a number of stations throughout the United States. The teleteacher is Mrs. Joyce Marron, an experienced kindergarten teacher and a former member of the staff presenting the commercial television series, "Romper Room." The New Mexico state department of education and the University of New Mexico, have cooperated with Mrs. Marron and the station in determining the content of the series.

Materials for helping parents follow up the broadcasts with planned activities for the child will be available to educators and parents from curriculum and instructional services section of the department. Parents may also obtain the materials from either KOAC-TV, Covell Hall, Corvallis, or KOAP-TV, Box 14, Portland.

### Council Given Measure Facts

Don Cadwell, special representative of the Oregon AFL-CIO, while speaking to delegates of the Columbia County Central Labor Council, pointed out the need for voters in this November election to know the facts on Ballot Measure No. 3.

Cadwell said that the reason the people of this state are being asked to reform Oregon's Job Injury law instead of the legislature is because for the past six years nothing has emerged from three successive legislative sessions because of pressures of special interests to the insurance monopoly.

"Make no mistake," Cadwell said, "the opposition to Ballot Measure No. 3 comes from the insurance monopoly, working through the Farm Bureau Federation, certain employers and other well-financed front groups. All of the 'arguments' offered in this frantic effort to defeat Ballot Measure No. 3 carefully omit the monopoly's real reason for opposing it."

Cadwell pointed out that put in private hands, Job Injury Insurance (which like social security is really part of our social insurance system) becomes very big, very profitable business.

### Hymn Writer Is Theme of Study

The September meeting of the EUB Circle was held at the church with 11 members and two guests present.

Plans were made for a rummage sale and bazaar to be held at the fire hall October 15, 16 and 17.

The devotions were given by Mrs. A. W. Gardner after the members had sung the hymn, "O God, Our Help in Ages Past." She read of the interesting life story of Isaac Watts, the writer of the above hymn and 600 other hymns. The devotions were finished by her giving a scripture reading, "A Psalm of Trust".

The next meeting will be held at 1:00 p.m. October 21 at the EUB church. Mrs. Sam Murray will give the devotions and Mrs. Gardner and Mrs. Lona Weidman will be the hostesses.

Making speeches, modeling dresses and building radios are among the many activities of 4-H club members.

4-H is a national program for farm and city boys and girls between 10 and 19 years of age.

**QUESTION:** Now that school has started, can the Oregon State Employment Service help young people find part-time work to help them with their education?

**ANSWER:** Yes. This is one of the prime programs of the Oregon State Employment Service. Youth representatives are found in all 26 offices of the Employment Service. Their primary purpose is to help youths stay in school, give them vocational guidance, and find them suitable part-time employment, if necessary, to help them stay in school. The Employment Service high school counseling program has been in effect for a number of years and nearly all high schools in Oregon cooperate with the Employment Service in helping students stay in school.

### Petition Filed in Oregon Tax Court

Ellis A. and Jennie O. Carlson of St. Helens, Oregon, filed their petition against the State Tax Commission in the small claims division of the Oregon Tax Court recently.

The petitioners are asking the tax court to set aside the deficiency assessment of the commission which arose out of the commission disallowing special treatment of petitioners' capitol gains during the tax year of 1962. The commission holds that a personal residence does not qualify as a qualifying investment under the capitol gains statutes of the state of Oregon.
