YOU CAN'T UMPIRE THE GAME IF YOU DON'T KNOW THE RULES!

The laws of this State protect YOUR property rights. Your farm, your home, your business. When you die they also regulate the disposition of your property. The Court in which YOUR estate will be probated for the benefit of your heirs is the Probate Court and the Judge of that Court is the COUNTY JUDGE and his judgments and decisions are vital to you and far-reaching. If they are bad, or bungled or indecisive an untold amount of expense and trouble is saddled on YOUR heirs.

The Court over which the County Judge presides is a Court of Record (Const. ART 7) and he has original jurisdiction in all probate, guardianship, adoption, change of name, conservatorship and insane cases. He also issues temporary injunctions and restraining orders. Judge Whipple has tried 1526 of the above type cases as well as cases involving 1600 juveniles and is at present the Juvenile Referee of this county. This experience plus 17 years of active legal practice well qualifies him to act as your County Judge. His decisions will be fair and impartial and according to rules laid down by the law.
