Cone Wreaths On Craft Agenda

The Society of Arts and Crafts will hold its monthly meeting, Monday, November 2, at 8 p.m. at the West Oregon Electric meeting room.

Featured will be a display of completed cone wreaths and holiday pieces for which instruction will be given later at workshops. Instruction will also be given at this meeting in cutting and wiring of various types of cones, preliminary to final construction of an all-cone wreath.

Persons attending should bring long nose pliers, regular pliers and wire cutters to this meeting. A list of materials needed for the workshops will be given. The meeting is open to all those interested.

The first workshop will be Thursday, November 5 at 1 p.m. at the art center at the Clinic building, for the construction of the cone wreaths.

Currently, a display is on view in the art center window showing the materials needed and steps in the construction of teal Christmas trees, for the benefit of these desiring instruction in their making.

A reminder is given, also, to those interested in making Christmas cards by the block printing method, that a workshop for this is being held this Thursday afternoon, October 29, at the West Oregon meeting room at 1 p.m.

Due to the monthly meeting on Monday of next week, the art class taught by Mrs. Goss will be postponed to Wednesday, November 4. It will probably be the last class held this season.
