## THE PEOPLE SPEAK - - -

Vernonia Eagle  
To the Editor:

Recent community discussions have placed into focus the promotion of a covered swimming pool to be used the year around by all the citizens of the Nehalem Valley and their guests.

As a matter of thinking, it has been mentioned that a ballot issue might be the logical way to finance such a project, and the logical organization would be the present school district 47J.

Property is vacant and presumably available adjacent to the high school on the west of the existing school plant. Water might possibly be heated with existing facilities. If under school district jurisdiction, said swimming plant could be supervised and maintained by school personnel. This would place Vernonia in a favorable position to include swimming instruction and competition in the school program. We advertise Vernonia as a recreation spot, yet the fact remains that outside of hunting and fishing which are seasonal, we have little to offer our young people or persons who visit our town.

Members of the Lions Club point with pride to the present swimming area on Rock Creek, which as we observe, is taxed to capacity on pleasant days, which are limited to the summer months, and empty on days of inclement weather. We also point with pride to the stadium at Greenman field which was built largely through the efforts of the Vernonia Lions Club.

Could an effort by the Nehalem Valley community, in both labor and finances, obtain a swimming pool for this area?

If you have comment or questions regarding a swimming pool, would you please direct your letters to the editor of this paper, or the Vernonia Lions Club?

Respectfully yours,  
Don Jackson, Secretary  
Vernonia Lions Club

## Jr. Girl Scout Troop Started

Mrs. Mary Curran of Astoria, district director for the Columbia River Girl Scout Council, was in Vernonia Tuesday of last week to attend the final session of the TV training course for Girl Scout leaders which a group of Vernonia ladies completed in preparation for the start of Girl Scout activities here.

Wednesday evening, the Junior Girl Scouts held their third meeting after school at the Scout cabin. Mrs. Wayne Welch is the troop leader and Mrs. James Brewer is her assistant. Mrs. Edgar Hartzell and Mrs. Ralph Sturdevant have also been instrumental in organizing the troop.

The 21 girls who have registered for the troop to date are as follows: Beverly Anderson, Deborah Banta, Sharon Brewer, Carol Clason, Susan Garner, Vonnie Gaston, Sharlene Gibson, Nancy Hartzell, Celeste Hytrek, Susan Miller, Patti Merritt, Carol Nelson, Shirley Potter, Glynia Ridling, Yolanda Robertson, Mary Ann Steele, Patricia Steele, Sandra Carol Nelson, Shirley Potter Glynis Welch and Lorna Westlund.

A refrigerator is a good place to store dampened laundry before it is ironed. The moist cold helps spread dampness more evenly and keep it that way, and the low temperature prevents mildew. Also, chilled fabrics actually iron better.
