QUESTION: What is the Neighborhood Youth Corps and where can I find out more about it?

ANSWER: The Neighborhood Youth Corps is established as a work-training program under Title 1-B of the Economic Opportunity Act, and is a part of the U. S. Department of Labor's Manpower Administration. The NYC will make it possible for youth 16 through 21 to stay in school, return to school if they have already left the classroom, obtain work experience and develop work skills if they are out of school and out of work. Young men and women employed in the Neighborhood Youth Corps will be assigned useful tasks which otherwise would not be performed in government agencies and non-profit organizations. Their work will result in better services and improved facilities for the public benefit. More information about NYC may be obtained by contacting any Public Employment Service office or the Neighborhood Youth Corps, U. S. Dept. of Labor, Washington, D. C. 20210.

Grandchildren Spend Week End at Oblacks

NATAL - PITTSBURG — Lucinda, Loretta and Leann Kyser spent a week recently with their grandparents, Mr. and Mrs. Max Oblack.

Mrs. DeeVeere Hershey and son Jim Mullins drove to Forest Grove and Portland Saturday.

Mr. and Mrs. W. R. Wolff drove to Portland Thursday and visited Mr. and Mrs. Robert Turner and family and Mr. and Mrs. Max Wolff.

Owners Go To Convention

Mr. and Mrs. Bert Brunzman and Mr. and Mrs. Dave Brunzman, owners of the Coast-to-Coast store, have just returned from the organization's 35th annual convention. The four-day session of general and group merchandising meetings was held at the Sheraton Motor Inn February 7-10.

Keynote of the convention was: "Programs for Progress - Progress for Profits." Group discussion emphasized the new lines, new items and advanced product knowledge. Many displays of spring and summer merchandise were shown.

Winter Best to Mark Wet Spots

Winter is a good time to mark the wet spots in your fields and to make plans for draining them, according to Andy Pavelek of the Soil Conservation Service. These wet areas reduce crop yields, delay planting time and are hazardous when farm equipment gets stuck trying to cross them. The soil in wet areas is compact and more difficult to till.

The best time to install tile drainage is in the late spring, summer or fall when the ground is firm.

Cost share payments from the Columbia county ASC office pay about one-half of the cost of installing most tile drains. Technical assistance for surveying and laying out the tile systems is available through the Soil Conservation Service office.

The American Heart Association and its affiliates have channeled about 100 million Heart Fund dollars into research since the first Heart Fund campaign in 1949.

Be ready with a generous contribution when one of your neighbors, serving as a Heart Fund volunteer calls at your home during the week end of Heart Sunday, February 21.
