## County Court Minutes - - -

Unofficial: Subject to change before approval by the court.  
December 1, 1965

The Columbia County Court having this day met in regular session for the purpose of transacting county business, with the following members present: Judge Earl N. Seawright, Commissioners Louis J. Wasser and O. D. Clark, whereupon the following business was transacted:

The minutes of the previous meeting were read and approved. Miscellaneous claims were approved.

Frank LeMont met with the court to discuss the salaries of the Appraisers II in this department. Commissioner Wasser moved and Commissioner Clark seconded that Sam Cole and William Templin each be given a one step adjustment, effective this date. Motion carried. It was understood between LeMont and the court that no further adjustments would be made in appraisers' salaries for the remainder of the fiscal year.

Commissioner Wasser moved and Commissioner Clark seconded that the court approve a request for cancellation of taxes for John H. and Ethel I. Andrews, on Lot 22, Block 3, Columbia Park. Motion carried.

Three representatives of the State Forestry Department met with the court to discuss a railroad right of way through the Blodgett timber tract. The court agreed to a trade of property, providing the State Forestry Department draws up the necessary papers.

Also discussed was a trade of timber land with Longview Fibre company.

Wally Gainer of the Port Commission met with the court to discuss the matter of traffic generated wave action which is causing considerable erosion on the lower part of Sauvie Island. He presented a proposal submitted by the Corps of Engineers, in which they would agree to complete necessary bank stabilization, provided the county would agree to maintain said works in the future. Gainer was advised that the court could not agree to this because of the great amount of money required to maintain such project.

A letter was received from Ward Armstrong, of the Association of Oregon Counties, advising that Scapponia Park had been removed from the list of public lands and placed on the recreation lands list.

A letter was received from the Department of Health, Education and Welfare, regarding public nursing.

An offer of \$1,200 was received from Delbert Burnham for Tax Lot 20, Section 21, T7N, R2W, near Rainier. Said offer was taken under advisement by the court.

A report was received from the Public Welfare Commission.

A letter of resignation was received from Elsie Tracy, of the Fair Board. Commissioner Wasser moved and Commissioner Clark seconded that her resignation be accepted. Motion carried.

Nothing further coming before the court, the same adjourned until December 8, 1965.

Dated at St. Helens, Oregon, this 1st day of December, 1965.

Whenever you get dogmatic on a subject, you're probably barking up the wrong tree.

## Census Bureau Starts Survey

The Census Bureau's annual survey of hired farm work and the first phase of a study on hunting and fishing will be taken during December in this area as part of the bureau's monthly Current Population Survey, according to Director John E. Tharaldson of the census regional office in Seattle.

The farm work survey, to determine the number of persons in the nation doing full and part-time farm work for hire, is being done for the U. S. Department of Agriculture. The hunting and fishing survey, to get national statistics on each activity, is for the U. S. Department of the Interior.

Both surveys will supplement regular monthly inquiries on employment asked by the bureau to furnish information for the U. S. Department of Labor's Bureau of Labor Statistics.

Questions on hunting and fishing will be asked about all survey family members in the area who are nine years of age and over. The questions seek to determine how many persons hunted or fished during 1965, their ages, how often they engaged in these activities, and approximately how much they spent on them.

The information will be collected during the work week starting December 13 from scientifically selected sample households in this area as well as other sample areas throughout the U. S.

Census Bureau interviewers who will visit families in this area during December include: Mrs. Helen E. Lahti, Astoria.

## Workman Elected

In the Vernonia Rural Fire District election held Monday at the Vernonia Golf club, only nine votes were cast, all for Walter Workman, thus retaining him in the position of director for a five year term.

Self control is a virtue that individuals recommend to their friends.

## Inspectors at Salem Meeting

Warren Baker, Oregon Department of Agriculture food inspector for this area; Wilbur Maltby, the department's dairy inspector for this area and Max Clark, who makes package weight checks for the department throughout the state were among those attending a two-day conference for the department's dairy and food inspection personnel in Salem last week.

Three laws passed by the 1965 legislature were reviewed and procedures involved in implementing them discussed at the sessions. These included the new egg law, the statute requiring licensing and sanitation inspections of food processing plants and the amendment to the state's frozen dessert act, which requires licensing and inspection of milk shake freezers and provides for setting a standard of identity for milk shake mixes.

A new assignment for the dairy inspectors, that of checking high temperature, short time pasteurizing equipment for compliance with temperature and time requirements, was another subject covered at the conference.

Other topics discussed at the two-day meeting included bakery and beverage plant sanitation problems, food label violations and procedures to be used when checking package weights with new types of weighing devices.

## Court Declares Logs Taxable

Oregon tax court judge, Edward H. Howell, in a decision issued a few days ago, held that logs belonging to Weyerhaeuser company and held in storage in the Columbia river near St. Helens were not exempt from personal property taxation.

Weyerhaeuser company had contended that the logs were in transit to their mill at Longview Washington, and therefore exempt under the Oregon free port law. The tax court held that the logs were not destined for sale as required by the free port law but instead were destined for manufacture and therefore not exempt.
