Mrs. Simmons requested that the secretary check to see if the park commission could meet regularly the first Thursday of each month at the St. Helens Chamber of Commerce office.
A letter was received from Leys McCarter of Crown Zellerbach regarding funds available to Columbia county in the amount of \$9,275.
Horseback riding clubs in the county were discussed. The park commission would like to meet with these organizations regarding what could be done to benefit them in the county parks.

Aliens to File By January 31

District Director Alfred J. Urbano of the Immigration and Naturalization Service reminded aliens in Oregon that Monday, January 31, is the deadline for filing address report forms as required under provisions of the 1952 Immigration and Nationality Act.

The Immigration official urged aliens who have not yet filed their address reports to do so no later than January 31 to avoid possible penalties.
Failure to comply with the requirements can mean a fine, jail sentence and deportation for a willful violation.

Urbano said the law requires that every alien except those having diplomatic status, representatives of certain international organizations and persons admitted temporarily as agricultural laborers must file the address report during January of each year at the nearest post office or immigration and naturalization service office.

Urbano said an estimated 15,000 aliens in this state have filed address reports so far this January. A total of 21,440 aliens filed address reports in Oregon last year. Reports for 1966 are expected to total 23,000.

Scenic Projects Given Approval

The Oregon State Highway Commission has approved a program of acquisition and development involving 26 highway beautification and scenic development projects on the federal-aid highway system in Oregon.

Under the program, 18 acquisition projects will cost approximately \$662,800 and the eight development projects will cost about \$314,700. The funds, under the provisions of the Federal Highway Beautification Act, will be made available during the 1966 fiscal year.

Approximately \$996,092 is available to the state for highway beautification. The state program which includes acquisition, development and preliminary engineering costs, is expected to total \$977,500. Projects and estimated costs listed in this area include:

Wilson River Highway: Located at Timber Junction, about three miles west of Glenwood, acquisition of woods and creek area, estimated at \$5,600.

Sunset Highway: Located at Sunset Tunnel, about nine miles east of Elsie, acquisition of a wooded hill protecting the tunnel, \$3,600; Barnes Road-Cornelius Pass Road, about three miles west of Portland's west city limits, a 5.81-mile roadside improvement project, approximately \$44,600.

Oregon Coast Highway: Astoria bridge section, landscape and provide irrigation system, estimated at \$55,100.

Most men would stay on the straight and narrow if it weren't for exciting curves.

Bonds Offered As Tax Refund

You can make your 1965 federal tax refund really mean something to you.

Oregon taxpayers due refunds can take them in Series E savings Bonds, District Director of Internal Revenue A. G. Erickson states.

When a taxpayer elects to take his refund in Series E Bonds, he builds financial security for himself and his country, Erickson said. Those who check the savings bond election on their tax return join millions of Americans who are investing in their country's future and their own.

Individual income tax forms—1040 and 1040A—provide a space for taxpayers to elect U. S. Savings Bonds for their refunds, Erickson pointed out. The 1965 tax instructions received in the mail contain full information on this option.
