## County Court Minutes - - -

Unofficial, subject to change before approval by the County Court.

February 16, 1966

The Columbia County Court having this day met in regular session for the purpose of transacting county business, with the following members present: Judge Earl N. Seawright, Commissioner Louis J. Wasser and O. D. Clark, whereupon the following business was transacted:

The minutes of the previous meeting were read and approved. Miscellaneous claims were approved.

Commissioner Wasser moved and Commissioner Clark seconded that the new Arcadia bridge near Vernonia be designated as an FAS project. Motion carried.

State Highway Commission Division Engineer L. W. Rulien and State Traffic Engineer Donald W. Failmeizer met with the court concerning the installation of a traffic signal at the intersection of Gable road and Highway 30. Total cost of the signal and intertie with the railroad crossing would be approximately \$28,000. The widening of McNulty Creek bridge to four-lane width is in the planning stages. Also discussed was the widening of intersection of Sykes road and Highway 30. It was agreed that when the county widens the culvert, the state will pave the radius of the intersection.

Mr. Failmeizer explained his investigation of speeds used by the general public on various sections of Highway 30, and the agencies responsible for determining and posting of speed limits.

Lighting of interchanges was discussed—if a municipality has lights up to an intersection, the state will illuminate the interchange with the understanding the municipality pay for the power used and maintenance.

The court and Messrs. Rulien and Failmeizer agreed that further study be made of these matters.

A check was received from Be-Jay Manufacturing Co., dated February 8, 1966 in the amount of \$30 for rent of a building in Rainier.

An order and deed were signed in favor of Delbert and Mary June Burnham for Tax Lot 20, Section 21, T7N, R2W, less county roads, near Rainier.

The itinerary and monthly report of Government Trapper Robert Walker was received.

A letter from Health Officer Dr. J. B. Steward requesting a new electric adding machine for the health department was received. Said request was denied, as the item was not budgeted.

Commissioner Clark moved and Commissioner Wasser seconded the offer from Mary Kevelio of Clatskanie, of \$1600 for Tax Lot 24, Section 34, T8N, R4W of W.M., being 39/100ths of an acre in SW¼ of SW¼ Deed Book 123, page 55, be taken under advisement.

There being no further business, the meeting was adjourned until February 23, 1966.
