## Artist Presents Craft Program

An outstanding program of color slides and music entitled "The Sound of Music" presented by Erich Porshman of Portland was enjoyed by those attending the meeting of the Society of Arts and Crafts April 4.

Mrs. Porshman accompanied her husband and displayed an artistic and interesting group of her craft work suitable to the spring season. In addition Mr. Porshman showed four of his felt pen drawings of interesting buildings in Nuremberg, Germany, two of his watercolors, and two of his sculptured figures.

The color slides showed many magnificent views of the countryside in Austria where the Trapp family resided and which were also featured in the movie of the Trapp Family "The Sound of Music." Much of the music accompanying the slides came from the original score of the film. Also shown were many scenes of buildings, interiors and gardens, castles churches and streets in Vienna and other countryside views in Austria and Tyrolean country. This was accompanied by appropriate music and commentary by Mrs. Porshman on tape, coordinated with the slides.

Mr. Porshman has a number of programs on film and tape, including one on the Passion Play at Oberammergau which he has presented at the Portland Art Museum and the Oregon Society of Artists, of which he is a member. He has agreed to return to Vernonia to present another of his programs after his return from a trip to Germany this summer to honor his mother on her ninetieth birthday.

A short business meeting preceded the program. It was announced that the glass craft course to be taught by Bert Willems, stained glass artist of Scappoose, would begin Wednesday, April 13 at 7:30 p.m. at the art center in the Clinic building. The class will be held six consecutive Wednesdays and will feature construction of hanging stained glass lanterns and lamps, room dividers, sculptured glass in cement for dividers and patio walls, mosaic windows and table tops, yard lanterns and other related objects.

Program chairman Miss Janeice Kenyon announced that arrangements are being made to present a poet and a potter from the Cove Gallery at the May meeting. The poet writes about early Oregon history, both Indian and pioneer, and suggests that people having artifacts, relics and antiques relating to the early history of the Nehalem Valley bring the articles to the meeting for display. More details about this program will be given later.

Mrs. Welcome Rumbaugh was appointed chairman of the refreshment committee. Previously appointed committee heads are as follows: Art, Mrs. Evelyn Heath; needlework, Mrs. Sam Murray; by-laws, Mrs. T.M. Hobart; crafts, Mrs. W. E. Wilson; building, Mrs. Sam Murray; jamboree committee representative, Mrs. Carson Strong press and publicity, Mrs. W. E. Wilson.

Wednesday of last week, Vernonia high school was visited by Alette Marc, foreign exchange student from France, who is a student this year at Clatskanie high school. She spoke in an assembly and also showed slides. She visited the speech and American problems classes and spent the afternoon in the French classes taught by Mrs. Amy Kamholz.

Alette is from Rennes, France. She had studied English from two to three hours a week for the past seven years in school in France and has a good command of the English language and expresses herself well.

She is 18 years of age and has already graduated from a French high school and passed her exams for college. When she returns to France she will major in languages and after four to six years in college would like to become an interpreter.

She finds the high school work here easier than in France with less expected of the student. She finds her stay in Clatskanie very interesting and welcomes the opportunity to become acquainted with people in the community.
