

Marshall Given New Assignment

Larry T. Marshall, manager of the California division's mutual operations for United States Plywood Corporation, has been named vice president, timber and logging, for Weldwood of Canada, according to an announcement by John Bene, president and general manager.

Weldwood of Canada is a subsidiary of United States Plywood, with extensive timber holdings, 16 operations, and 26 sales warehouses throughout Canada. Marshall will assume his new duties May 1 at Weldwood of Canada headquarters in Vancouver, British Columbia.

Marshall has been manager of the California division's mutual operations since September 1962. Prior to that time he held the position of manager of United States Plywood's Blue Lake logging and mutual log and timber operations near Eureka, California.

Marshall's career in the forest products industry began as a youth in Oregon, where his father, Dave Marshall was a master mechanic for the Oregon-American Lumber company at the Vernonia mill. Following his graduation from Vernonia high school, Larry worked on logging and survey crews until entering Oregon State College school of forestry in 1937.

His experience in logging includes positions as superintendent, manager, and timber division head for logging companies in Oregon. In 1956, he began his own business as forestry consultant, doing timber management work for large and small owners in Northern California.

In 1959, he was employed by United States Plywood as manager of its newly acquired Blue Lake logging operations near Arcata, California.

Marshall's wife Helen and their two children, Sunny Ann, 16, and David, 14, will join him in Canada following the school term.

Golfers Win, Split Matches

High school golfers played two matches this past week, defeating Scappoose and splitting with a combined Neah-Kah-Nie and Tillamook Catholic team.

The match with Scappoose was played April 14 at the St. Helens Golf Club with the final tabulation being 6½-3½ in the Loggers favor. All team members scored points in this match and low score was turned in by Ken Vealey, a 44.

Ed Burton, Brad Rumbaugh also won their matches, and Gary Hanson and Dave Serafin each split with their opponents.

In the return match played Monday at Vernonia, Neah-Kah-Nie downed the local team 6½-3½ and the Loggers dumped Tillamook Catholic by the same score.

Low score for the Vernonia team was carded by Brad Rumbaugh who shot a 44. Pete Brunzman won both of his matches; adding points to the total were Ken Vealey, Brad Rumbaugh and Ed Burton.

Vows Exchanged In Port Angeles

In a garden wedding at the Methodist church in Port Angeles, Washington last Friday, April 15, Miss Gail A. Boldingh, art teacher for the Vernonia schools, became the bride of John Olive.

The bride and groom are both graduates of Moorhead State College at Moorhead, Minnesota. Mr. Olive received his Bachelor of Arts degree in chemistry and math and is now employed as a research chemist at the University of Oregon medical school in Portland. Mrs. Olive received a Bachelor of Science degree in art and English.

The couple plans to live in Portland.

Farm Foresters Set Field Day

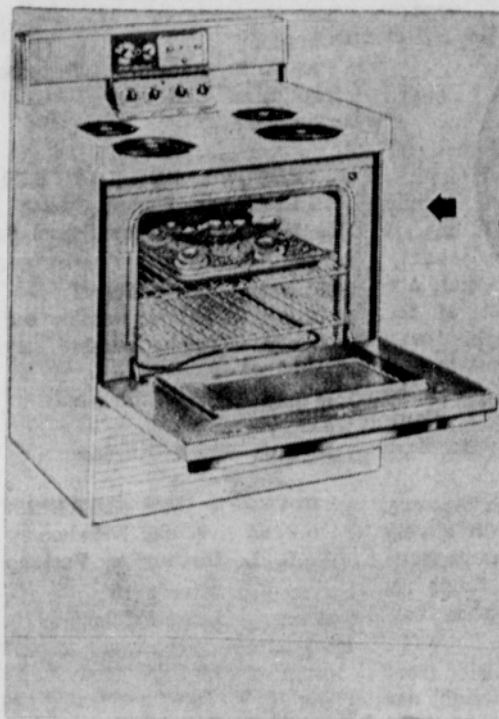

The eleventh annual Forestry Field Day for all seventh grade students of Columbia county is scheduled to be held May 3, reports Don Coin Walrod, county extension agent. An alternate date of May 6 has been picked in case weather should make it impossible to hold the event on the regular day.

Sponsored by the Columbia County Farm Forestry committee, the educational program will be held at the county fairgrounds.

Dual Track Contest at Seaside Nets Loss for Logger Squad

The Logger thinclads traveled to the coast this Thursday to be downed by the Seaside squad in a dual meet. Team scores were Seaside 75½, Vernonia 55½.

Despite the loss, at the hands of the larger contingent of Gulls, seven Logger efforts hit a best of the year mark.

Fred Smith placed first in the high hurdles, 16.6, his best time this year.

Coila's best effort of the season claimed him a first in the mile with a time of 4:56.6.

Les Forcier, placing third in the 440, was another Logger to hit his best stride.

Kyser placed second in the shot with a toss of 41'11½".

The low hurdles saw Andrus in second, time 22.7, and Minger tying for third at 23.1.

A years top mark for Davis, 5'6", claimed third in the high jump.

Jerry Hanson placed second in the long jump with a 19'1½" leap. Jerry Hanson and Roger Medges finished one-two in the pole vaulting: marks of 12' and 10'6", respectively.

Medges also placed second in the discus with a toss of 117'1".

Joe and Steve Curl again nabbed two places in the two-mile event. Joe came in first in 10:42.5 and

Reception on School Agenda

The annual Mom and Pop reception will be held at Vernonia high school Friday evening, April 29 at 8 p.m., according to an announcement from the school this week. Arrangements are being made by the Future Homemakers of America chapter under the direction of their instructor and advisor, Miss Phyllis Williams.

Theme for the event will be Spring Fling and it will feature a style review in the high school auditorium. Members of the home ec classes will model garments made this year.

Following the review, those attending will be divided into sections for tours to see the work of the students. This will be followed by refreshments.

Steve ran in 11:28, for a third. Bill Hanson's best effort of the season in the 880 claimed a first spot with a time of 2:10.

Seaside bested the Loggers in the relay by a full second, but were disqualified to give the locals a win with a 1:40.6 time.

Bob Wood and Medges held down the first two spots in the javelin, throwing 155'6" and 154'4", respectively.

The Loggers were unable to place in either the 100 or 220 dashes.

The next test for the track and field men will be on Greenman field this Friday in a three-way meet with Rainier and Neah-Kah-Nie.

Club Prepares For Coin Meet

The Nehalem Valley Coin club will open the doors of the IOOF hall at 9 a.m. Sunday for their second annual Nehalem Valley Coin convention. The public is invited to attend to see the displays and to acquire coins, for collections, if they so desire.

Dealers from Portland, Eugene, Beaverton and other places have reserved tables for the show. One dealer from Cleveland, Ohio who plans to be in the Portland area this week has indicated that he will be here, also. Local coin collectors will have displays on exhibit and will also be buying and selling coins for collections.

Both United States and foreign coins will be included in the displays and bourse tables.

Doors will be open from 9 a.m. to 6 p.m. and admission is free. There will be door prizes and refreshments. Police protection is provided to assure the safety of collections exhibited.

Kindergarten Entertains PTA; Officers Nominated

P.T.A. members were entertained by the kindergarten classes Monday evening. Under the direction of Mrs. Ralph Reynolds, the diminutive community helpers portrayed in costume and song, the various occupations necessary to keep a community functioning. Among the occupations portrayed were doctors, nurses, mailmen, builders, ministers, teachers, firemen, policemen, and various others.

The business meeting was held after the program. Mrs. David Banta, on behalf of the nominating

committee, announced that two nominees for next year's officers had been obtained. These were Mrs. Bob Brown for secretary, and Mrs. Banta for treasurer. Since there were no more nominations from the floor, these officers were elected by a unanimous ballot.

Other business of interest was a vote on suggestions made at the meeting on how to use the surplus money on hand this year. The suggestion receiving the most votes

was to help the Paul Bunyan club to dwindle the amount still owed on the glass backboards in the high school gym.

As a service to the schools, P.T.A. members fried chicken and made potato salad for lunches served at the Future Teachers of America Convention held here last Saturday.

It was announced that the preschool clinic will be held Tuesday morning, April 26.

Members found the Science Fair exhibits in the hall very interesting, both before and after the meeting.

Refreshments were served by the first grade mothers.

Judges Decide Science Event

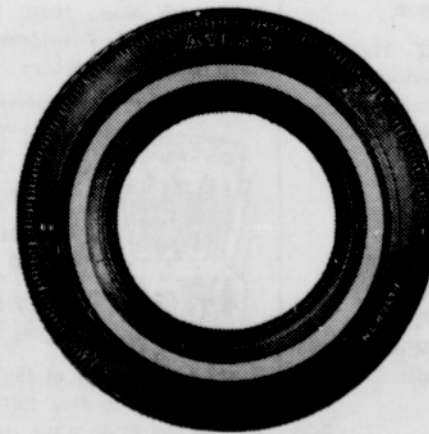

There were 115 projects entered in the local science fair held last Friday at the Washington school under the direction of Wayne Markham, elementary science instructor. A panel of 50 judges evaluated these and selected 18 for consideration in the county competition. Of these, 16 were selected for exhibition at OMSI.

In all, there were 21 exhibits awarded gold special honor certificates, but projects entered by the primary grades are judged on the local basis only.

Some projects were entered by individuals and some by pairs of students. The 16 projects chosen for exhibit at OMSI were prepared by the following:

Ricky Davis, Robby Wilson, Mark Krieger, Virginia Ambrose and Susan Garner, Ronald West, Steve Hanson and Tim Johns, Gary Michener and Arthur Walton, Benny Fields and Ricky Curl, Forest Shetler, Vicki Lawler and Debbie Curl, Cathy Ambrose & Kathy Gudmundsen, Mark Peterson, Mike Clason, George Koski, Julie Spitzer and Sandra Hanson, Heather Higginbotham.

Others who were awarded gold special honor certificates were Donald King and John Knowlton, Bert Kronmiller and Robby May, Sheri Thiringer, Bobby West and Brad Garner.

This ATLAS tire is rounder than the tires now on your car!

This is the new Atlas Plycron. Its unique round shoulder design delivers up to 8,000 more miles of wear than original tires on most new cars. How? A special, Atlas-designed mold that can stamp a tire to within three thousandths of an inch of a perfect circle. This means increased tread area—with wear distributed more evenly.

And there's the Atlas Gripsafe, the wonder tire in the budget price field. More conventional than the Plycron, it will still outperform far more expensive tires.
