County Wide Sanitary Problems Again Reviewed at CCOG Meet

Last Thursday night in St. Helens, a special joint meeting between CCOG representatives and the Metropolitan Sanitary District was held to discuss the county-wide sanitary problems of Columbia County.

The proposal as presented by MSD representative Charles Kemper calls for a four-county area Sanitary Authority. The four counties, Clackamas, Washington, Multnomah and Columbia could establish a working agreement through CRAG and, according to Kemper, \$325,000 of funds could be obtained to implement such a program.

A lengthy discussion followed as to the merits both pro and con of such an agreement. Some of the points brought out included a statement by Rainier Mayor Charles Van Gorder, that since the closing of their dump, local area people are now dumping anywhere and everywhere and this is highly unsatisfactory.

With the closing of dump areas and the implementation of Santosh, all haulers, except Clatskanie are required to use the Santosh facility.

Vernonia councilman Dave Banta noted that Vernonia closed their dump two years ago and since then have voluntarily hauled to Santosh but, because of the increased rates

to dump, the local hauler could be forced to raise his rates to meet the costs. Banta cited the long haul from Vernonia and the fact that other cities don't have this problem.

It was pointed out to the group that all sites will have to be in compliance with state law by July 1, 1973 or strong measures would be taken. This is in accord with the state law and would have to be carried out, therefore it might be better to try to work out some kind of a solution at this time.

Meeting chairman Lloyd Fries asked for comments from haulers in the county. There were four present and all spoke well of the newly improved Santosh Disposal site. One commented on the improvements that have been made at the site

in the past month. The only negative comment heard from the haulers was the cost factor, but another hauler pointed out it is no higher than Portland sites. Following the two hour meeting it was voted on and approved that CCOG participate through CRAG. Chairman Fries appointed St. Helens attorney Agnes Petersen to the advisory committee to represent Columbia County's interests on CCOG.
