Four-H Events Begin Monday With Horses

Four-H Club members are working hard getting ready for the Columbia County Fair activities. Four-H horse club members will have their show prior to the county fair because of limited facilities for horses. The continued increase in 4-H club membership in the horse program has resulted in 150 entries for the county fair. Because of the large number of entries, it will be necessary to use the livestock barns to house the 4-H horses during the two-day show Monday, July 16, and Tuesday, July 17. The two days will be filled with classes in showmanship, equitation, pony classes, and ground training for young horses, two years and under. A trail horse class will be held on Monday evening, July 16, for intermediate and first year junior age groups and for senior and other junior age groups on Tuesday evening starting at 6:30 p.m. Four-H home economics and exhibits other than livestock will be judged on Wednesday, July 18, with 4-H demonstration contests and foods contests scheduled throughout the fair Thursday, Friday and Saturday. The style revue will be held in the exhibit building Saturday, July 21, at 7:30 p.m. All livestock activities will begin on Thursday morning with 4-H and FAA livestock and dairy judging contest at 9:30 a.m. A champion showmanship contest, one of the most popular for the livestock club members, will be held on Friday, July 20, starting at 6:30 p.m. with the juniors first followed by the grand champion showmanship contest. Vernonia Eagle Year's Report Given by VPD

In a summary report for the year 1972 and year ending June, 1973 as to the activities of the Vernonia Police Department as submitted under the signature of Jack Cunningham, Chief of Police, burglary was the largest source of trouble during 1972 but in the first six months of 1973, larceny has outstripped this by a 2 to 1 ratio. There were 13 burglaries in 1972 with only eight cases of larceny that year, dropping down to four auto thefts. To date (June, '73) there have been 14 cases of larceny with six cases of burglary and one of auto theft. During the period January-June, 1973, 14 arrests were made with six being for DUIL's, followed by four disorderly conducts; one criminal homicide; 1 menacing; 1 harassment; and 1 violation probation (auto theft). Despite the apparent increase in crime in some areas, it should be noted that, although the city has grown in population, thereby increasing the probability curve, the per capita cost for law enforcement in the city of Vernonia is \$18.24 compared to the average cost in the area of \$21.74 for this period.
