

**PAT GOODMAN**  
Named "Breath of Life" chairman for Vernonia area.

### Local Resident Named to Post

Mrs. Pat Goodman has been named chairman of the Breath of Life Campaign to fight children's lung diseases, according to Don Schollander, Honorary Chairman of the Oregon Chapter, National Cystic Fibrosis Research Foundation.

Mrs. Goodman will lead local volunteers in raising funds to support research and care programs for children affected by lung-damaging diseases like cystic fibrosis, severe asthma, chronic bronchitis, bronchiectasis, and a condition called "childhood emphysema." Children in Oregon and Southwest Washington are diagnosed and followed at the C-F Center, University of Oregon Medical School.

A house-to-house appeal in Vernonia is scheduled for September 10 through the 16.

Cystic fibrosis, an incurable genetic disease, is inherited when both parents carry the recessive gene for C-F. It is believed that one in twenty persons or 10 million Americans may carry the C-F gene, usually without knowing it. Current research funded by the National Cystic Fibrosis Research Foundation is seeking a practical test to identify these carriers.

Because of improved therapy and constant research, many C-F patients are living beyond infancy to their teens and into young adulthood. That same kind of therapy is relieving and often curing children suffering from the other respiratory afflictions whose symptoms resemble those of C-F.

"Most people don't realize that there are six million children in the U.S. affected by pulmonary illness," said Mrs. Goodman. "For some of these children, breathing is not the natural function we, who are lucky, take for granted."

The Breath of Life Campaign supports not only research, but over 100 C-F Centers for diagnosis and treatment across the country.

By Woodrow Moe

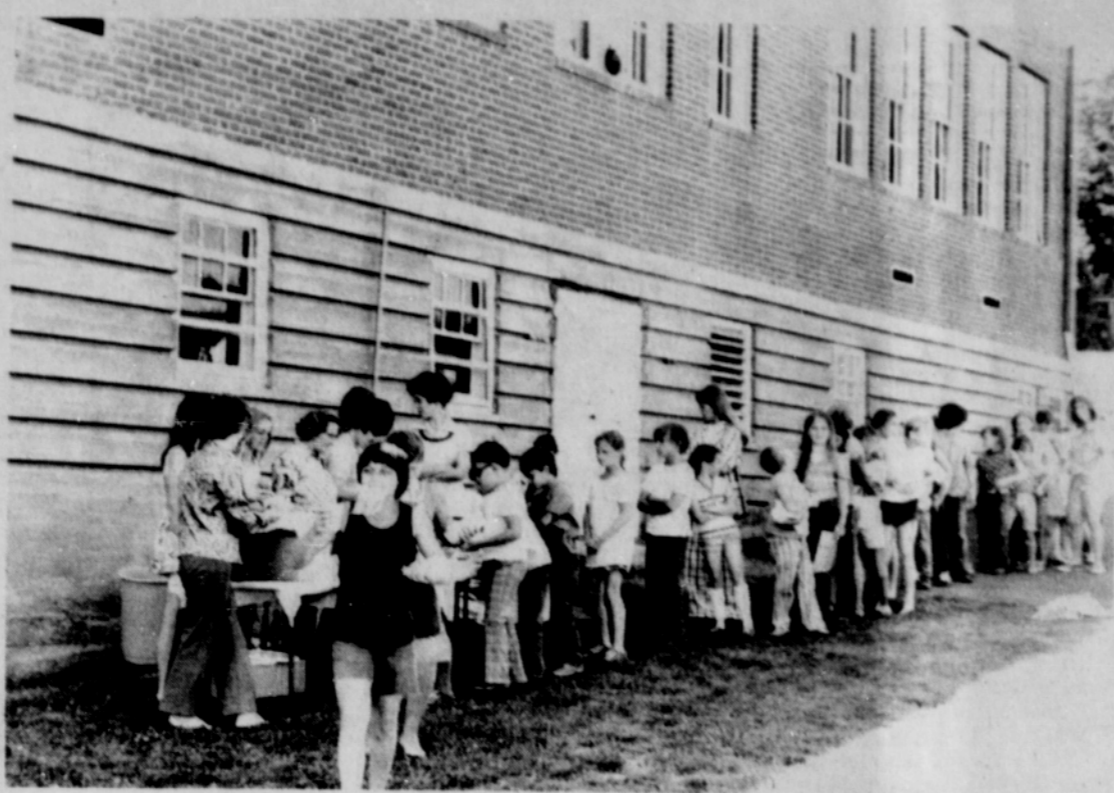

**QUESTION:** I am 19 years old and receive social security checks because I go to college. This summer I plan to work and will probably earn about \$1,000. Will I lose my checks for the months I'm working this summer?

**ANSWER:** No. Like the retired worker, a student can earn up to \$2,100 each year without losing any checks. If you decide to work part-time during the school year and think you might go over \$2,100 for the year, immediately notify the nearest social security office. Do not wait until you've already earned \$2,100 before you report.

### Board of Commissioners

(Memorandum Minutes)

The Columbia County Board of Commissioners met in scheduled session July 25, with Chairman Fred Foshaug presiding, Commissioners Minkoff and Ahlborn and secretary Gloria Salvey (deputy clerk) present.

Commissioner Minkoff moved and Commissioner Ahlborn seconded the minutes of the meeting of July 11 be approved. Motion carried.

Miscellaneous claims were approved.

Mrs. James Welch of Wickstrom Road in Scappoose, met with the board requesting information as to when repairs would be made on the road which had been promised over a year ago. After Thompson's arrival she was advised that the brush would be cut within a week. He also indicated he had contacted Publishers Paper and requested a meeting with them to discuss improvement of the road. The survey has been completed but Thompson hasn't laid out the new roadway. He does plan to have this project completed this summer.

An amended resolution adopting the 1973-74 budget was signed by the board, as a result of communication received from the Department of Revenue advising that the General Fund budget must be adopted categorically rather than in total.

Order No. 43-73 amending the Building Code Ordinance was signed clarifying a portion of the ordinance.

An Order and Deed were signed conveying Lot 20, Block 77, St. Helens to James and Martina Carpenter.

Order No. 6 in the matter of the sale of mineral rights of Lot 21, Block 74, City of St. Helens was signed, directing the sale of said mineral rights.

An Order Reimbursing Taxes in the sum of \$87.09 was signed resulting from duplicate payment on Tax Lot 2G-435.

Order No. 44-73 directing the refund of check for building site lot inspection was signed resulting the sum of \$15 to John R. Dahlgren.

Order No. 45-73 directing the refund of \$84.75 to Lawrence Richards, refund of building permit fee was signed.

Terry Rahe, sanitarian met with the board to discuss the Rainier Sanitary Service. He advised that since the transfer from Gerald Powell to Ron Weisenfluh, the requirements for a franchise have not been met, and therefore Weisenfluh has not been granted a franchise.

Rahe also discussed the annual conference for sanitarians to be held at Diamond Lake in September. He requested that since there have been many changes in the laws as a result of recent legislation that at least one of the commissioners attend the meeting. Commissioner Ahlborn moved and Commissioner Minkoff seconded Commissioner Fred Foshaug attend. Motion carried. Rahe also advised that all three of the sanitarians would be attending the conference.

Notice of acceptance of appointment to the Planning Commission was received from George Cowles.

Notice of acceptance of appointment to the Park Commission was received from Vern Griffin.

The offer of \$1,000 for Lots 15 and 16, Block 78, City of St. Helens received from Wayne E. Powell, was accepted.

The offer of \$1,200 for Lots 20, 21 and 22, Block 119, City of St. Helens, received from James T. Litherland was accepted.

Warren Gaskill and Larry Peterson of the State Highway Division, Parks department, met with the board to present a preliminary proposal for cooperative effort for development of Dibblee Point. They advised several agencies would be involved, including the state parks, Port of St. Helens, Columbia

County, State Highway Division, State Marine Board, State Land Board, Corps of Engineers, City of Rainer, and possible others, but that they wished to obtain the feelings of the board prior to contacting any of the others who would be involved.

Chuck and Irma Dawn Brownlow were present and they were requested to not release any news information about the proposal until such time as all of the other parties involved had been notified of the proposal. After further discussion, Commissioner Ahlborn moved and Commissioners Minkoff seconded the

proposal be pursued in cooperation with the State Highway Parks Division, and call for meetings of all interested parties in hopes of getting their cooperation for a possible 10-year development program. Motion carried.

Mrs. Agnes Petersen, Mr. and Mrs. Clarence Quick and several other interested persons met with the board to discuss the dock facilities known as "Snap's Landing" at the Goble boat ramp. At the request of the board, Keith Thompson presented a recommendation as to procedure to be followed. After considerable discussion it was concluded that:

(1) Quick would be allowed to remove whatever piling is necessary and snub and repair those not pulled and used to tie to docks.

(2) Quick would be allowed to construct and install a dock of comparable quality to that recently installed, part of which is in the river directly in front of the county right of way and to attach to the other dock temporarily.

(3) Quick would continue to allow cars and or trucks with boat trailers to use the turnaround on his property at no cost.

(4) Dirt on the county right of way does not have to be moved at this time. These provisions were based upon the board's determination at a later date as to possible installation of an additional ramp, at which time these provisions may be changed.

Phil Dewey, county surveyor, presented a plot of Hudson Cemetery for approval by the board. He advised that the Washington County surveyor had approved the plot plan. The plan

was approved by the board.

Discussion ensued with regard to costs to be charged to various departments for use of the copying machines in the courthouse. It was concluded that other governmental agencies, such as Extension Offices, Soil & Water Conservation, CCOG, would be charged 7 cents per copy and that employees could use the machines for personal copies at a charge of 10 cents per copy. It was also noted that billings to the Extension Office and the Soil and Water Conservation office would be reduced to five cents per copy for copies made prior to July 1, 1973 and that a letter be directed to these departments advising of the costs.

Sitting as the Dog Control Board the claim submitted by Mrs. William Wiley, for \$20 for 4 hens was denied, as there being no proof of killing or affidavit of witness to the killing.

A conformed copy of the application for BOR funding for Clatskanie City Park was received from the State Highway Division.

The board approved the application for Mental Health division reimbursable funding for the 1973-74 fiscal year.
