FAYE SWORD will be 4-H Community Coordinator in the Vernonia area and will be contacting boys and girls eligible to become 4-H club members through the schools.

4-H Gets It All Together

Several years ago, the phrase, "generation gap" was bounced around by adults and young people alike. Youths were accused of not wanting to communicate with their elders, while their elders were accused of not wanting to talk to their youngsters.

Today, the "generation gap" has eased and both adults and kids can take some of the credit. Now, young people and adults are working together to solve mutual problems.

This sort of cooperation is well demonstrated through 4-H, which currently is observing 1973 National 4-H Week, October 7 - 13, keynoted with the theme "4-H Gets It All Together."

Across the country, five and a half million boys and girls, ages 9 to 19, a half million volunteer adult leaders and thousands of Extension Service personnel are involved in 4-H. Working to-

gether they are putting the 4-H Week theme into action, in many ways helping to make their communities better places in which to live.

The timeliness of their efforts is indicated by the current 4-H emphasis on helping educate communities on ways to economically operate vehicles and to conserve electricity during the current energy shortage.

Other 4-H groups are helping to ease the food shortage by supporting agricultural production and marketing efforts. Also, drug abuse programs, improving the environment, and community development planning are being given a high priority in 4-H programs.

Boys and girls, of different backgrounds, philosophies and lifestyles, working together with adults to solve common problems - that's the 4-H picture in 1973. 4-H brings together youths from all racial, economic, social and cultural backgrounds. Rural and city youngsters have an opportunity to interact, communicate and share ideas.

4-H is strong, and growing in all areas of the fifty states. Puerto Rico and the district of Columbia. Urban 4-H is expanding, too. In fact, the major cities in the U.S. all have active 4-H programs.

Low income and handicapped youngsters are involved in 4-H through flexible programs.
