Miss Leta Weed
 Vernonia
 Oregon

"I ARRIVED safely in Buxton," began the postcard sent in 1915 to Mrs. Leta Garner "Weed". Even then Vernonians considered their hometown something special. For those who think it funny to send a card from Buxton, just 15-20 miles down Highway 47, in 1915 it was a long trip by horse and wagon down through Timber and over the mountain, popularly known then as "Cape Horn." A corduroy wagon trail, it was often dangerous but the only way to get to the nearest train at that time.

1974 Pageant For Oregon Already Set

The 1973 Miss National Teen Ager has been crowned... she is Betty Nightingale, representative of Maine. She was chosen at the National Finals held on September 1 in the Atlanta Civic Center in Atlanta, Georgia.

Plans have already been formulated for the 1974 Miss Oregon Teen Ager Pageant. It will be held on July 5 and 6 at the Sheraton Motor Inn in Portland. Any young ladies interested in becoming a participant may write the Miss Oregon Teen Ager Pageant, Box 406, Rockton, IL 61072.

The People Speak . . .

Dear Sir:
 I guess everyone has his hang-up's. Some are more serious than others. These days apparently a lot of people - young people - are hung up on drugs. When you warn them against drugs such as marijuana, they are quick to point out that marijuana is no worse than alcohol, and alcohol is quite an accepted beverage in society. No questions asked.

So you take a man who drinks; maybe he will point to the people who light one cigarette after another and pollute the air for everyone around them. That's his excuse-unless of course, he does both. Then maybe he says at least he isn't using drugs.

The truth of the matter is that in all three cases these people are using drugs. And whether they will admit it or not, they are using crutches. The tobacco smoker smokes because he wants to be one with the crowd, and eventually he is hooked, so that is no longer the primary reason. The drinker has the same basic purpose for drinking - until he's hooked. And the one dabbling in drugs starts for the same reason - it's the in thing. And then he's hooked - psychologically if not physically, and far too often it ends up physically as well.

Some people explain that smoking this or that or drinking is their only pleasure. This is a sad commentary on the affluent American life. I happen to be a Seventh-day Adventist, and some people might wonder how I get any pleasure out of life because my church prohibits use of anything like tobacco, alcohol, coffee, and other narcotics, besides recommending a lot of other restrictions for health reasons. But when these harmful elements are cleaned out of one's life, it's beautiful! And full of fascinating things to do and taste and see. I wish I could just tell all these base people about it. That's why I'm writing this letter - just to say, Try the bright clean way without crutches. You'll like it.
