The seasonally-adjusted rate of unemployment in Oregon in October was 5.6 percent, the same rate as in October, 1972, and up from the 5.4 percent recorded in September. The rate in October was the highest since July, 1973 and compared with a national rate of 4.5 percent, the Oregon Employment Division reports.

The Oregon Wage and Salary Employment index (based on 100 average in 1967) was at 126.1 in October compared with 120.4 a year earlier and 125.2 a month earlier. The EMT classes have had a very busy two weeks. Thursday, November 15, Dr. Anton F. Eilers—specializing in Orthopedic and Fracture Surgery—talked to the class on handling persons with injuries to the bones and skeletal structure. After the talk and demonstration he showed slides of injuries and how to handle each.

November 19, it was test time again with a bigger and harder test. A discussion period following the test, going over the questions and answers.

The practical test was given the following Monday night. A wide variety of splints, bandages, and braces were used. Pete Heineman assisted Dr. Hobart during this testing. The children of one of the members, Mrs. Louise Cunningham, came to class to be the victims for the class to work on.

The next series covers injuries to nervous system, child birth and transportation.

Betty Crocker Contest For Seniors Set

The 20th Annual Betty Crocker Search for Leadership in Family Living (formerly the Betty Crocker Search for American Homemakers of Tomorrow), a \$111,000 college scholarship program sponsored by General Mills, gets underway Tuesday, December 4. More than 750,000 high school seniors here and throughout the country will join in written knowledge and attitude examinations which will determine individual college scholarship awards of \$500 to \$5,000.

Male student eligibility for the educational program, initiated for the first time last year, has been made a permanent part of the Betty Crocker Search for Leadership in Family Living. Participation by both males and females, a reflection of increased emphasis on the mutually shared responsibility for family leadership in American culture today, is the reason behind the change in the program's title for the first time in 20 years.

Participating seniors will compete in a 50-minute examination prepared and graded by Science Research Associates, Chicago, which is also responsible for all judging and selection of winners. The local winner will receive a specially designed award from General Mills and will, together with all other school winners, remain in the running for state and national honors.

State winners—one from each state and the District of Columbia—will each be awarded a \$1,500 scholarship. Chosen in judging that centers on performance in the written examination, state Family Leaders of Tomorrow will also earn for their schools a 20 volume reference work, "The Annals of America," from Encyclopedia Britannica Educational Corporation. Second-ranking participants in each state will receive \$500 college grants.

On April 21-26 of next year, the 51 state Leaders in Family Living will gather in Washington, D.C. for an expense-paid educational tour of the capital city and Minneapolis, Minnesota. Personal observation and interviews of the state winners during the tour will be added factors in the selection of the 1974 Betty Crocker Family Leader of Tomorrow and three runner-up. Scholarships awarded to the four national winners will be for \$5,000, \$4,000, \$3,000 and \$2,000.

For the third successive year, a \$1,000 Nutrition Scholarship will also be awarded. Recipient of this award will be the participating student who is planning a college major in nutrition or a related field, ranks among the highest in his or her state on the total Search examination and, from those meeting these two criteria, achieves the top score on the test's nutrition items.

More than nine million students have been enrolled in the Betty Crocker Search since its beginning in the 1954-55 school year. With this year's grants, total scholarships awarded will exceed \$2 million.

Give CARE For Christmas

Budgets for holiday gift lists may be a little tighter this year, and there always seem to be more people to buy for than realized. CARE, the overseas relief agency, has a unique gift plan that makes a few dollars go a long way to help feed hungry children, heal the sick and equip needy people abroad with the means to help themselves.

By making a contribution in the names of friends, relatives, or business associates, patrons give them a share in providing life-saving aid for the world's needy; Simply send CARE the names and addresses of those on the list, with a contribution of at least \$2. For each name, "Season's Greetings" cards and envelopes will be mailed to the contributor. The cards let each person know that a donation has been given to CARE in his or her name to help others less fortunate.
