CARD of THANKS

I WOULD like to take this opportunity to say thank you, and let you know how much I appreciate you visiting me during the ten days in the Columbia District hospital, and since returning home. For the many, many cards, lovely plants, words of encouragement and the goodies. They all mean much to me.
I am truly thankful for the many prayers of you faithful ones for me and for my son Henry, who is in the Portland Vets hospital. God still hears prayers and He cares for each soul. Let us continue to spread cheer and blessings thro the New Year, winning souls for Jesus. It will be a brighter, happier, and safer year, as we help others.

OUR FABULOUS FORESTS

FERTILIZATION

Forestry takes a page out of Farming!

USE OF FERTILIZERS TO IMPROVE AGRICULTURAL CROPS IS A CENTURIES-OLD PRACTICE. AND IT WORKS FOR FORESTS, TOO!

MORE PRODUCTIVE, HEALTHIER FORESTS CAN RESULT FROM HAND PLANTING GENETICALLY SUPERIOR TREES, PROPERLY SPACED AND FERTILIZED WITH NITROGEN AND TRACE ELEMENTS AT JUST THE RIGHT TIME.

EVEN MOTHER NATURE NEEDS A HAND NOW AND THEN!

Help for Rural Residents. If you live in a rural area, are without decent safe and sanitary housing, and are unable to obtain a loan from private lenders on terms and conditions that can be reasonably met, you may qualify for a rural credit home ownership loan. Apply for the loan at the Farmers Home Administration office in your county.

True Mileage. A 1972 law gives the buyer protection against automobile sellers who misrepresent the mileage and condition of the auto by turning back the odometer. Whether you are buying or selling a car, a signed statement from the seller for the buyer must contain the following information: the vehicle's actual odometer reading and statement that this is a correct record of the actual mileage, or a statement that the vehicle's true mileage is unknown. If you are buying a used car, be sure to ask for the disclosure statement.

Know your Rights. The Fair Credit Reporting Act of 1970 protects you, but only if you know its provisions.
For example, have you been refused credit lately because of some adverse information in your credit report? If you have, the lender must inform you in writing of the name and address of the agency making the report.

Let Survivor Decide. Are you planning to buy life insurance? You will have to decide not only

who will be your beneficiary, but how the benefits will be paid - in a lump sum, for example, or extended over a period of time.

Consider leaving the choice of payment method to the beneficiary. Finance needs may change between now and the time the insurance is paid.

Social Security Change. You are drawing social security payments but still working part-time? Beginning in January you will be able to earn more without loss of benefits under a change in the law. You can earn \$2400 instead of \$2100 with no loss of payment, and benefits will be payable in any month earnings are \$200 or less.

Another Way to Save. Series E and H Bonds now offer a more attractive way to save money. The interest rate, increases Dec. 1 from 5.5 percent annual interest to 6 percent, makes U.S. savings bonds more competitive with other kinds of investments

it's thrifty to shop at home!

When you've a family, you learn to watch your budget. And we've figured out that those 'bargains' you get in the city aren't such savings after all, when you consider the cost of gas in traveling those long distances, plus the wear and tear on your car. We've found local stores offer values that are just as great ...that's why we shop in

You then have the right to see your credit file, without cost, and to challenge any information in the file that is incorrect.

Sew to Save. Would a sewing machine help stretch your wardrobe budget?

You might buy a used machine and make some of your own clothes. Look for machines at retail or second-hand stores, garage sales, and in the classified ads. To know what to look for in the machine, consult "Used Sewing Machines-A Good Buy," a booklet available from the Government Printing Office, Washington, D.C. for 25 cents.

Understanding Credit. When you buy on credit and ask for the rate of interest, the lender may quote you a "discounted rate" rather than the annual percentage rate. Under the truth-in-lending law, this is illegal. Ask for the annual percentage rate if it isn't quoted to you.

An easy but imprecise way of converting the discount rate to the annual percentage rate is simply to multiply it by two. Therefore, a "discounted" rate of 6 per cent is actually 12 per cent annual percentage rate.

Ask the Right Questions. Buying a new appliance? You may be encouraged to buy a service contract (an insurance policy that will pay for repairs to the appliance). Before you decide, ask questions about the guarantee and what it covers. You don't want to buy a service contract that pays for costs already included in the guarantee. Also be sure to read what is excluded under your service contract. It may not pay for service required because of improper use of the appliance.

New Year's Tip. Is the fire insurance on your house keeping up with its increasing value? The Insurance Information Institute estimates that at least one in four U.S. homes is not adequately insured.

Now, while you are going over family financial affairs for the coming year, is the time to check the coverage on your house.

No Tipping. How much should you tip those who pack and move your furniture? Nothing. The Interstate Commerce Commission says it is unlawful, in moves across state lines, to tip any moving company employee or representative. It is also unlawful for them to solicit or accept a tip. If a moving company employee suggests you pay a tip, report the matter to Motor Carriers Section, Interstate Commerce Commission, Washington, D.C. 20243.

Another Way to Save. Series E and H Bonds now offer a more attractive way to save money. The interest rate, increases Dec. 1 from 5.5 percent annual interest to 6 percent, makes U.S. savings bonds more competitive with other kinds of investments
