IN MEMORIAM

Sometimes the shadows gather and the clouds are in the sky, Sometimes we cannot see the sun

For the tears are in our eyes. But always in the darkness We are under God's great hand. And in His fragrant gardens. We will meet and understand.

In loving memory of Sister Florence Love, be it resolved that Mt. Heart Rebekah Lodge No. 243, extend love and sympathy to the family.

Resolved, that a copy of these resolutions be sent to the bereaved family; also that a copy be spread on the records of our Lodge.

Also, be it resolved that the Charter of this Lodge be veiled in mourning for a period of thirty days.

Company Adds New Branches

The largest growth in the 13 year history of Lincoln Savings and Loan Association was reported for 1973 by Donald W. Hirschberger, president of the Beaverton based association.

Savings accounts increased from \$31 million in 1972 to \$41.5 million in 1973 for a healthy 34 percent growth. Total assets grew from \$38.5 million in 1972 to \$43.6 million in 1973, according to Hirschberger.

Herschberger attributes the growth to several factors including S & H Green Stamps promotions, free Theatre Parties for Ladies, special Savings Clubs and free Gift of the Month items.

Contributing to the growth were two new branches. One, in Forest Grove, was opened in mid-July and the second at N.E. 73rd and Glisan in Portland was opened November 1st. At the end of five months operation the Forest Grove branch had achieved 91 percent of its projected first year's goal. At the end of only two months the Glisan branch had achieved 70 percent of its projected first year's goal.

Construction has begun on a new branch in Westmoreland with completion scheduled for April. Applications for branches in Lake Oswego and in Washington Square have been approved. And application has been made for a branch in Tillamook.

Co. Building Permits Up

Building permits increased in Columbia County in December 1973, compared to December 1972, the University of Oregon Bureau of Business Research has reported.

In December 1973, the total was \$214,045 compared to \$50,821 in the same month last year. Building permits from 148 identical reporting centers in Oregon totalled \$40,585,997 in December 1973. This was 16.2 percent higher than the total in December 1972.

The state total in December 1973 included \$18,883,854 for 938 new dwelling units; \$13,052,684 for new nonresidential construction; and \$8,649,459 for additions, alterations and repairs to existing structures.

For the same month last year, the \$34,927,627 total of permits was composed of \$19,460,010 for 1219 new dwelling units; \$12,067,526 for new nonresidential construction; and \$3,400,091 for additions, alterations, and repairs to existing structures.
