Board of Commissioners

(Memorandum Minutes)

The Columbia County Board of Commissioners met in scheduled session with Chairman Fred Foshaug presiding, Commissioners Minkoff and Ahlborn, and secretary Gloria Salvey (deputy clerk) present.

Commissioner Minkoff moved and Commissioner Ahlborn seconded the minutes of the meeting of February 20 be approved. Motion carried.

Miscellaneous claims were approved.

Commissioner Minkoff moved and Commissioner Ahlborn seconded to approve Purchase Order 2990, to Armo Steel for 120 feet corrugated pipe and 4 bands, at a total cost of \$4,620; and purchase order 2863, to Hydrotex, for 110 gallons Essentialube, for \$502.75. Motion carried.

Commissioner Minkoff discussed the culvert washout on Apiary Road which occurred on Tuesday.

Commissioner Foshaug discussed the CCOG meeting of February 21, wherein each of the entities represented were requested to poll their organizations to determine the wishes of each with regard to continued membership in CRAG. After discussion, the board concluded it would direct a letter to CCOG advising that Columbia County wishes to continue as a member of CRAG.

Commissioner Ahlborn discussed a meeting of the Columbia Area Manpower Council held on February 26 in which it was learned the City of Portland, Multnomah, Clackamas and Washington counties desired to form their own coalition, and the remaining counties would be part of the state coalition. After discussion of the subject, it was agreed Columbia County did not wish to join the Portland area coalition, but rather would go with the remainder of the state.

Scappoose-Vernonia Road and one on the Fern Hill Road. Motion carried.

Mr. and Mrs. William O'Brien met with the board to be interviewed for the position of constable for District Court. Mrs. O'Brien expressed considerable interest in being appointed, and the board suggested that if she received the appointment, she could in turn appoint Mr. O'Brien as her deputy to assist if the workload became too heavy. Upon completion of the interview, the board agreed in the appointment of Marian Ruth O'Brien as constable for District Court, effective March 1, 1974. Mrs. O'Brien will be replacing M.E. McMichael, who is retiring because of health.

Sitting as the Dog Control Board, Commissioner Minkoff moved and Commissioner Ahlborn seconded to approve the claim of Mrs. Glenn Babb, for \$10 for four hens killed by dogs. Motion carried.

Robert Stevens, Adult and Child Guidance Clinic, met with the board to discuss agreements for funding the alcohol specialist program from January 1 to June 30, 1974. Commissioner Minkoff moved and Commissioner Ahlborn seconded Mr. Stevens and Dr. George be authorized to sign the agreement on behalf of Columbia County. Motion carried.

District Attorney Robert Lu-

cas met with the board to discuss several matters, including budgeting of funds for a "public defender" position for the county. After expressing interest, the board determined it would present the matter to the Columbia County Bar Association to determine its feelings in the matter.

At 11 a.m., a public hearing was held regarding the proposed assessments for the Viewcrest subdivision street improvement project. Several residents of the area were present. Ted Morgan represented the Roadmaster, to answer questions. Art Johnston indicated he had previously had his driveway paved, prior to the street improvement project, but stated that when the street improvement project was done, his driveway had been torn out, then replaced; and he felt he was being doubly assessed in having to pay for a driveway a second time. Morgan indicated he would check into the reason for the original driveway having been removed, but felt it was probably due to necessary slopes on the roadway.

Several persons commented about difficulties with drainage, and Morgan indicated he would request Keith Thompson roadmaster to check into this subsequent to his return from military leave. Especially involved with drainage problems were lots 11, 3, 42, 43, 39, 40 and 16, of the Viewcrest subdivision.

C.M. Riggs was opposed to the assessment, stating he did not live on the property, would never use the road and did not wish to be assessed for it. He also expressed opposition to the lighting which was installed. After answering questions about payment for the assessments, including questions on Bancroft bonding, Commissioner Minkoff moved and Commissioner Ahlborn seconded the matter be taken under advisement pending Thompson's return.

A Joint Use Agreement was signed, as requested by the Communications Unit of the State Highway Division for the facility at Meissner Lookout.

At 2 p.m. a show cause hearing was held on a solid waste complaint concerning Jim Day Auto Wrecking in Scappoose. Present, in addition to the Board, were Ron Reeves, Terry Rahe, Robert Lucas, and Jim Day.

Day and the board heard Rahe's recommendations that the matter be referred to the District Attorney to file suit for abatement of the nuisance. Day reported that: (1) he does not have a wrecking yard license at this time, (2) he is trying to raise money to buy more property, in order to get a wrecking yard license, (3) approximately 75 percent of the solid waste accumulation is scrap material which could be disposed of; (4)

someone is coming this weekend who may loan him the necessary funds to purchase property; (5) he had been renting some property on Siercks Road, but has received notice this site must be vacated; (6) some cars are stored on Brawand property adjacent to the Riesterer Lumber mill.

Rahe advised Day that if he were to apply for a wrecking yard license, the matter would be referred to the sanitation department for recommendation prior to it being approved by the Board of Commissioners.

After discussion of the problems involved, it was concluded as follows: (1) Day would make application for a wrecking yard license for Tax Lot 132-22-1, which is larger than his present location on Tax Lot 132-8; (2) Day would have to make application for approval of a conditional use permit in a M-2 zone; (3) Both applications must be presented within ten days; (4) Within 30 days after approval of the conditional use permit, and application for wrecking yard license, he will be required to have a fence around the new location; (5) 60 days from date of approval the application, Day is to have the old location on Tax Lot 132-8 cleared of solid waste; (6) if sufficient effort has been made at that time toward cleaning up of the property, a time extension may be granted; (7) if Day fails to make the effort, suit

will be brought against him for abatement of the nuisance.

Rahe then discussed with Lucas the complaint against Sue Murphy for abatement of a solid waste nuisance.

Lucas presented revised contracts with DEQ relating to sub-surface sewage disposal systems. Commissioner Ahlborn moved and Commissioner Minkoff seconded the contracts be signed, as revised. Motion carried.

Lucas suggested to the board they consider an annual sale of foreclosed property, and notification of prior owners of the property that they do have the opportunity to redeem the property as soon as the sheriff's deed has been recorded, so there will be no delay at a future date.

The board discussed with Lucas the possibility of an election to either increase the tax base, or a special road levy for repair and maintenance of roads.

Commissioner Ahlborn moved and Commissioner Minkoff seconded to sign Order 27-74 making a transfer of \$21,850 from the Road Fund to the Equipment Replacement Revolving Fund, as provided in the 1973-74 budget. Motion carried.

Commissioner Ahlborn moved and Commissioner Minkoff seconded to sign an Agreement for License to use logging roads of Longview Fiber Company, until bridge replacement can be made at the Mist area. Motion carried.
