Father's Day Visit Enjoyed

BIRKENFELD-Mr. and Mrs. Bill Borton of Lincoln City were Father's Day dinner guests at the home of his folks, the Ralph Borton's an the Deep Creek. His brother Wes went back home with them for a couple weeks.

Mr. and Mrs. DuPuis were in Portland Monday on business. Mr. and Mrs. Francis Larson

were in Astoria on Wednesday of last week going in to see their grandson, Douglas Rodgers in the hospital, he having a tonsilectomy on Tuesday. Some complications set in so he had to remain in the hospital for several days.

Mr. and Mrs. E. T. Johnson and Mr. and Mrs. Alan Johnston visited at the Bruce Larsen home at Warren on Sunday.

Mrs. Francis Nordstrom and Mrs. Howard Johnson were in Vernonia last Thursday

Mrs. Nettie Lloyd Feeling Better Now

RIVERVIEW-Mr. and Mrs. Bill Eckland and family spent Saturday visiting relatives at Seaside. They report that her grandmother, Mrs. Nettie Lloyd, who is in the hospital there, is feeling a little better and is undergoing extensive tests. Her friends can correspond with her addressing cards to Seaside Hospital.

Mr. and Mrs. J.W. Nichols spent the weekend at the home of their daughter Mrs. P.B. Loggan in Portland. She gave a Fat

but it didn't do any good. Vernonia still came out on top in the double-header match.

Summer Vacationers Advised **To Include Safe Driving**

es.

stead of a pair "When packing your car, re-

'If you're planning that summer vacation trip, don't forget to include safe driving in your plans," the Motor Vehicle Division advises.

Summer means vacationers will be crowding the highways. and a little pre-vacation planning can help you save time and maybe even an accident.

The Oregon Motor Vehicles Division offers these tips for vacation planners: "The first stop on your vacation trip should be made before you even hit the road-a visit to your local garage or service station for a complete safety check of your car. Tell the service man you're going on a trip and ask him to make a complete safety check of the tires (including the spare), steering system, brakes, hoses and belts, exhaust system, windshield wipers and washers, all lights, front end alignment and fluid levels (water, oil, master brake cylinder, power steering reservoir, transmission, differential and battery.)

"Plan your trip in advanceand that means not only knowing where you're going and on what highways, but how long you'll drive. Don't try to jam too many miles into one day. The National Safety Council suggests a 300 to 350 mile per day limit. Driving too many miles a day can lead to fatigue that's hard to get rid of. even with a good nights sleep. An unhurried, relaxed drive with plenty of rest stops, especially if children are in the car, can make

Boys Defeat Clatskanie

Saturday, June 15, the Ver-nonia Babe Ruth team met and defeated the Clatskanie team in both ends of a double header. The wins were the first of the season for the young team. Babe Ruth baseball action in

Vernonia has been taking place for over a month as 20 boys tried out for the team that is made up of boys between the ages of 13-15. In comparison to other teams in the league Vernonia is very young and inexperienced. The rest of the teams in the league are all from Forest Grove.

All of the home games are played at the high school field and begin at 6 p.m. Umpiring for the home games has been donated and a special note of praise to Duane Hurly for the fine job he has done behind the plate

In the action against Clatskanie Vernonia came from be-hind to win both of the five inning games in the last half inning John Beamish has the hot bat and scored the winning run in the first game as well as playing a good game in the field. Beamish is one of five team members who have played Babe Ruth ball before this year.

The team is improving as the season goes along and hope to capture some league games be-fore the season ends in early July.

Girls Make Good Effort

Newly formed girls softball team, the Vernonia "Wild Cats" swung into their first home game on the field of Washington Grade School Tuesday evening, June 18 with Peggy Pitts acting as coach in Joann Beamish's absence. Rev. Duane Hurley was umpire. The opposition team was the Banks "Lovebugs" coached by Jim Maller. The last inning of the exciting game found Banks the winner, 37-13.

Ranging in age from 12 to 14 in the "Pigtail" and "Ponytail" leagues are Kathy Wilcoxen. Denise Hurley, Diane Olson, Janice Hopkins, Kala Sword, Tracie Carroll, Shelly Smiley, Teresa Sharar, Kim Wright, Georgette Vigil, Julie Parker, Angela Sample, Laura Eager and Vicky Delemos. Kathy Wilcoxen and Shelly Smiley both hit

triples in the game. The girls will be playing until July 23 on Tuesday and Thursday evenings. The other leagues they will compete with are Cornelius, Gaston, Forest Grove, and Banks. Any offers for help in transportation will be greatly appreciated by Mrs. Pitts. The next home game will be

Thursday, June 20, at Washington Grade School, beginning at 6 p.m.

A SWINGING member of the Vernonia Babe Ruth team shows winning form at Saturday, June 15 game which netted them their first victory of

Director Of Mint Appeals To Public For Pennies plenty of pennies. But they are in

the wrong places.

It is estimated that over 30

billion pennies are in circu-lation-doing the job for which

they were intended. Somewhere

in this vast country of ours,

however, in excess of 30 billion

pennies are in hiding. These are

the pennies I'm looking for. They

are in dresser drawers, shoe

boxes, pickle jars; most any-place you can think of that will

get them out of the pocket and

out of sight. They are unwanted,

continue increasing its penny

production to meet the current

extraordinary demand is waste-

ful. Wasteful of a natural re-

source-copper-that cannot be re-

money. One billion pennies re-

The current price and supply

of copper allows us to continue

production and distribution of

the copper bearing cent. During

the past 15 years, the Mint has

pumped out over 62 billion

the taxpayers \$10,000,000.

For the Mint to be forced to

unused and unappreciated.

"I'm calling on every American, especially young people, to get the penny back in circulation and keep it there," Mrs. Mary Brooks, Director of the Mint, said recently. "I'm calling on the banking industry to welcome the return of pennies during the month of June. I'm urging schools, churches, charities, retail establishments and others to examine ways and means to involve their members in collecting pennies for deposit.

"The price of copper has retreated, closing at \$1.10 per pound on May 24. There will be no aluminum penny. The 62 billion pennies produced during the past 15 years have numismatic value and because of the huge mintage they will never attain great value," she continued

'Nevertheless , speculators and hoarders of pennies have caused what seems to be a shortage of pennies in certain areas of the country. But there is no shortage of a supply of pennies." "Creating a shortage where it

does not exist can adversely affect every public spirited citizen, taxpayer and conservator of the earth's resources. It is inflationary should merchants start to round off sales to the next nickel due to lack of pennies to make small change. Again, I'd like to emphasize. There are

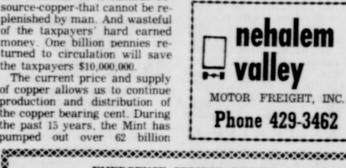

the season. Win came against Clatskanie in a lively and exciting game.

> pennies using some 202,000 tons of copper in their manufacture.

If just 15 billion pennies could be lured out of hiding, the Mint, at current production figures, wouldn't have to make pennies for almost two years and it would represent a saving of \$150 million.

"Fifteen years ago, the reverse design of the Lincoln cent was changed from wheat to a view of the Lincoln Memorial. The Mint produced 25.7 billion Lincoln wheat pennies during a 50 year period," Mrs. Brooks said, adding, "The Lincoln wheat pennies do enjoy collector interest-some years commanding more numismatic value than others. Rarity is one of the determinants in establishing value of almost any collectable item. Especially this holds true for coins
